This being the day set for opening the bids for the burial of the County Poor, the board proceeded to open the same which were as follows:

Joint bid { Charles H. Marsh / J. M. Lucy } $40.00, each.

It was brought to the attention of the board that only one bid was made, to-wit: the joint bid of Charles H. Marsh and J. M. Lucy and Sons, and it further appearing to the board that at the previous time when bids were advertised for in January, 1918, the only bid was the joint bid of Charles H. Marsh and J. M. Lucy and Sons, and it being brought to the attention of the board that the two above named undertaking firms are the only firms in said undertaking business in the city of Missoula, and that unless this bid were accepted it would be incumbent on the board to hire each individual case taken care of separately which would cost the county considerable more. It appearing also to the board that the price named in said bid is a fair one, it is therefore, moved by Prescott and seconded by Peterson that said bid be accepted and that the firms of Charles H. Marsh and J. M. Lucy and Sons, jointly do have the contract for burying the County Poor at the price of $40.00 for each case. The motion carried and was so ordered.

The board appointed the following Deputy Registrars for Ronan:

Henry O. Worden, Ward No. 1,
Albert Sutherland No. 2,
Howard E. Stansbury No. 3,
Coker F. Rathbone No. 3.

The Board received the following resolution and ordered the same filed:

"Whereas, it has come to the attention of the Missoula County Defense Society, that the Non-Partisan League, so-called of Missoula County and four or five adjoining counties has requested of the county commissioners of Missoula, the use of the County Fair Grounds, for the purpose of holding a political rally and picnic on or about the 15th day of July 1918, and;

Whereas, the principal speaker at said meeting will be one Townley, and

Whereas, said Townley is now under indictment in the state of Minnesota for sedition as we have been informed through the public press, and

Whereas, said Townley is reputed to have been an I. W. W. organizer and to have opposed the issue of Libert Bonds and the enforcement of the National Draft Law and other patriotic measures and is reported to have promoted the meetings of the PEOPLES' PEACE PARTY, a notorious and seditious organization that attempted to meet in the city of St. Paul, and was driven out of the state of Minnesota and other states, and;

Whereas, we have only room in the County of Missoula for loyal and patriotic American citizens who are whole hearted and sincere in their desire to win the war.

Now Therefore, be it resolved by this society that we hereby petition the commissioners of Missoula County to deny the request of the people who are promoting this Townley meeting and picnic to use the County Fair Grounds. We believe the County Fair Grounds belong to the taxpayers of Missoula County and that they should not be used for any political purpose nor by any political party and that the county commissioners of Missoula County should follow the precedent set by the State Board of Education in refusing said Townley et al. the use of the campus and grounds of the State University and the city council of Missoula when they refused the use of Greenough Park to the same people and this society most respectfully, but earnestly petitions the county commissioners of Missoula County to deny the request of the Non-Partisan League for the use of the Missoula County Fair Grounds.

" Missoula, July 30, 1918.

We, the undersigned viewers, of a location for a county road connecting the Cotton-wood Creek Valley with the road alongside of the east side of Salmon Lake, beg leave to report as follows:

The projected road would have an approximate length of four miles, the grade from the Cottonwood Valley for the first three miles would be nearly level. The fourth mile would have some grades probably not to exceed ten per cent in any place. For the first three miles from Cottonwood Valley, the road is practically constructed. One small bridge would be necessary on this section. The fourth mile will require some grading and one bridge across Fish Creek. This road, if built, will reduce by several miles the distance from the Cottonwood Valley to the mouth of the Clearwater Creek and would be of much value to the residents of the Cottonwood district. The probable cost of construction of this road would be about $ 1,000.00. We would recommend that this road be constructed.

Signed.
C. R. Prescott, County Commissioner.
E. S. Hathaway, C. E.
Acting County Surveyor. "

9 Mr. Edward H. Boos, publicity chairman of the Liberty Loan organization of Missoula County appeared before the Board and presented the following letter which was ordered spread upon the minutes:

"TREASURY DEPARTMENT
Ninth Federal Reserve District
LIBERTY LOAN ORGANIZATION
Missoula County Committee
Missoula, Mont.
January 27, 1919
H. H. Parsons, Chairman.

To the Honorable Commissioners,
Missoula County, Montana.

Gentlemen:-

As a representative of the Liberty Loan Organization of the United States Government, it is my pleasant duty on this occasion to present to your honorable body, as representatives of the entire people of Missoula County, a report of Missoula County's record in the matter of the Fourth Liberty Loan.

In the apportionment of Montana's quota of this loan, Missoula County was given a quota of $600,000.00.

The total of subscriptions made by residents of the county aggregated $1,049,500.00.

The oversubscription was $449,500.00, or 75 per cent.

The system of honor awards adapted for the Fourth Liberty Loan was such that an honor flag should be awarded to communities fully subscribing their quotas. Additional honors in the way of stars, for percentage of distribution,

are also made, one star if the distribution amounts to 20 per cent of the population, two stars if 25 per cent and an additional star for each 2½ per cent.

Under this system, Gentlemen, in token of the loyal and patriotic support rendered the Government by the people of Missoula county in their generous subscription to the Fourth Liberty Loan, and as an emblem of recognition and appreciation on the part of the Government of this assistance, I now present you with this Fourth Liberty Loan Honor Flag.

This flag should be a treasured possession of the county, to be laid up with other evidences of its patriotic activities and contributions towards winning the great war for democracy, which will forever be an inspiration to our people for loyalty and true devotion to our country.

Scarcely a community within Missoula County but has been honored with its individual honor flag. Flags have been awarded as follows:- To Arlee, Bonita, Bonner, Charlo, Clearwater, Evaro, Lolo, Lothrop, Milltown, Missoula, Pablo, Potomac, Ravalli, Ronan, St. Ignatius and Stark.

The Bonita Flag carries 12 stars, indicative of a 52 per cent distribution.

The Bonner flag carries 21 stars, indicative of a 73 per cent distribution.

The Lolo flag carries 9 stars, indicative of a 44 per cent distribution.

The Ronan flag carries 1 star, indicative of a 20 per cent distribution.

The St. Ignatius flag carries 2 stars, indicative of a 25 per cent distribution.
The Stark flag carries 10 stars, indicative of a 46 per cent distribution.

In addition to the county flag and community flags, Missoula county has won additional honors-- special awards made to large organizations of industrial employees, as follows:-

The A. C. M. Co's Bonner Mill, a flag with 24 stars
The Missoula Mercantile Co, a flag with 22 stars
The A. C. M. Co's Nine Mile Logging Camps, a flag with 12 stars
The A. C. M. Co's Twin Creek Logging Camps, a flag with 3 stars

With the thanks and congratulations of the Liberty Loan Organization for the splendid support rendered by Missoula County, I am,

Very respectfully,

Edw. H. Boos
Publicity Chairman for
Missoula County."

1 The Board accepted the flag presented and ordered the same displayed in the main corridor of the court house and also tendered its thanks on behalf of the county to the Liberty Loan Committee for the splendid work done.

2 The Board received a deed from The Western Montana Building & Loan Association and ordered it recorded.

10 The Road Viewers made the following report on the road petition of J. E. Perro et al:

"We the undersigned duly authorized Road Viewers did on the 10th day of April 1919 view the proposed county road as located by the United States Forest Service across the North Half of the Southwest Quarter, and the Northwest Quarter of the Southeast Quarter of Section Three, Township Sixteen, North Range Fifteen West of the Montana Principal Meridian for a distance of 4060 feet.

The Viewers report favorably on said road, agreeing on a road right of way 60 feet in width and fixing the value of the land at $10.00 per acre.

The above report is based on the fact that at present two old established roads are being used on and across the above described lands, either one of which could be held by the county and be a greater damage to the owner than the proposed road.

Total acres for right of way	5.6 at $10.00	$ 56.00
Total damages		150.00
Total amount due owner of land		$206.00

Road Viewers - Fred Watson P. Thayer Stoddard."

It was duly moved and seconded that the report be adopted and the road opened in accordance with the report of the Viewers. Carried. The Clerk was instructed to notify the following owners:

"OFFICE OF P. THAYER STODDARD, COUNTY SURVEYOR, MISSOULA COUNTY, MONTANA

ROAD VIEWERS REPORT

July 29th, 1919.

We, the undersigned duly authorized Road Viewers did on the 18th and 19th, days of July 1919 view the proposed county road as then surveyed and located thru the north half of sections 33-34 and 35, and thru the northwest of the southwest of section 33 same township and range above mentioned, also thru the south-east quarter of section 32 and continuing westerly a distance of 340 feet to the main road around salmon Lake.

The Viewers report favorably on said road as definitely platted and shown on the attached blueprint from the original tracing, agreeing on a road righty of way 40 feet in width, being 20 feet on each side of the center line thereon shown, and fixing the value of the land at $10.00 per acre.

The above report is based on the fact that with the exception of the last 1760 feet of proposed road and about 500 feet south of Lake Terry, the survey follows and old logging road, thereby eliminating considerable side hill construction, and reducing the cost so as to make the project feasible.

Acreage for right of way thru N½ Sec. 33, T. 16 N. R. 14 W. 5.9 acres at $10.00	$ 59.00
Damage	200.00

EXAMINATION BY MR. POPE:

Q. Will you state your name and office?
A. Percy J. Gosden, Deputy County Assessor.
Q. Of Missoula County, Montana?
A. Of Missoula County.
Q Has the Assessment Book for this county been made up and placed in the hands of the County Clerk as yet?
A No.
Q What papers are there in the office of the County Assessor showing the assessment of the First National Bank of Missoula?
A The assessment lists and the statement of the First National Bank.
Q These are the only papers or records which the Assessor's office now has?
A Yes, sir.
Q Have you the assessment list of the First National Bank for 1919 with you?
A I have.
Q Handing you the paper marked in the corner "Exhibit 2" KOB, I will ask you if that is the original assessment list of the First National Bank of Missoula for 1919?
A It is.
Q We offer that in evidence before the Board. Let me ask you whether or not this paper marked "Exhibit 2", being the original assessment list, shows three items of real estate?
A Yes, three separate items.
Q Farm land assessed at $1000.00 and one item referring to a half interest in parts of Lots 6, 7 and 8 in Block 5, Original Townsite of Missoula assessed at $17,500.
A Yes, sir.
Q Then a third piece of property, part of lot 8 and all of lots 9 and 10, block 5 Original Townsite, assessed at $162,000?
A Yes, sir.
Q Do you know which of those items of real property constitutes the banking house or banking property?
A I do.
Q Which one is it?
A The fraction of Lot 8 andall of Lots 9 and 10, Block 5, Original Townsite.
Q Calling your attention to the letter of the State Board of Equalization and the statement therein that the true value of the banking house of the First National Bank of Missoula as determined by it, was increased $18500, I will ask you if that is true?
A That is not correct.
Q The alleged increase of $18,500 is really the amount of the assessment on these other pieces of property?
A The Bank was assessed at the amount which was turned in by the Bank.

WITNESS EXCUSED.

A. R. Jacobs, being first duly sworn, testified as follows:

Q Mr. Jacobs, give your initials to the stenographer?
A A. R. Jacobs, Cashier of the First National Bank.
Q Are you Cashier of the First National Bank of Missoula?
A I am.
Q A corporation doing business under the National Banking Act of Missoula, Montana?
A Yes, sir.
Q Calling your attention to the property assessed to the First National Bank in Missoula as real property, I will ask you if you have seen the assessment list of the First National Bank of Missoula?
A Yes, sir. I made it out.
Q Do you know the description of the property upon which the banking house is situated?
A Yes, sir.
Q What property is that, the corner property?
A The corner property -- corner of Higgins Avenue and Front Street.
Q All of Lots 9 and 10 and part of Lot 8, Block 5, of the Original Townsite, and the other pieces or property referred to as real property of the First National Bank of Missoula, they are not the banking house or the bank?
A No, they are separate property.
Q Has there been a transfer of the title to the banking house property recently?
A December 31st, 1918.
Q Was that made for a full consideration?
A It was.
Q Transfer for value?
A For value, yes, sir.
Q Do you know what the sale was made for?
A $162,000.
Q And that is the amount at which it was assessed at by the Assessor?
A Yes, sir.
Q Calling your attention to the paper marked "Exhibit 1", being a paper entitled "The Bank's Statement for Assessment, Assessment for the First National Bank of Missoula", I will ask you whether or not that is a copy of the statement originally prepared by you for the Bank?
A Yes, sir.
Q Calling your particular attention to an item on the first page of the Bank's statement, "Reserved for taxes and accrued interest, $9,000.00", let me ask you to explain exactly what that item is?
A That was put aside at our meeting the last day of February. $6000.00 was for the accrued interest on savings accounts and time certificates of deposits. We figured that there was about $9000.00 of them at 4 percent, or $36,000 for the two months of January and February, one-sixth of the $36,000 would be $6000.00. We figured our taxes would be somewhere around $10,000, and we put aside $3,000 for the months of December, January, February and March -- one-third of a year.

Q Let me ask you, Mr. Jacobs, whether or not the item of $6000.00 reserved for interest accrued is or was on the first Monday of March of this year undivided profit of the First National Bank?
A No.
Q Could it be regarded as such in any way?
A No. It had been taken out of the undivided profits and putaside for the express purpose, and was used on the 30th day of June for this purpose, for paying the interest on the savings and other deposits.
Q Then this sum of $6,000 has been actually expended and paid out by the Bank to its depositors as interest?
A Yes, sir.
Q And never was and never will be distributed to the share holders as dividends?
A No, sir.
Q I will ask you whether or not the statement as you originally made it to the Assessor was a correct statement of the actual condition of the Bank?
A Absolutely so to the cent.
Q And was accepted by the County Assessor and the assessment made exactly according to that?
A Yes, sir.
Q The First National Bank of Missoula is a National Bank?
A A National Bank.
Q And let me ask you whether or not you are in any way responsible to the comptroller of the currency as a national bank?
A Yes, sir.
Q And are you required to set aside these items, reserved for taxes accrued and the amount reserved for interest accrued by the comptroller of the currency?
A Yes, sir. All banks all over the United States handle it in the same manner.

WITNESS EXCUSED:

Percy J. Gosden, a witness hereto fore sworn and examined, being recalled for further examination, testified as follows:

Q Handing you the paper marked "Exhibit 1", is that the original bank statement for assessment of the First National Bank of Missoula?
A It is.
Q I will ask you whether or not the figures thereon in ink and printed show the original assessment as made by the Assessor for the First National Bank of Missoula for 1919?
A They do.
Q The figures in pencil have been added by whom?
A I am unable to say. I presume by the State Board of Equalization.
Q And in the bank's statement for assessment, the total assessment to theFirst National Bank of Missoula was $300,362.23, and if in that paper the figures now show $327,862.23, that change was not made by the Assessor of Missoula County?
A It was not.

"WHEREAS, Under the provisions of the Act of Congress approved July 11th, 1916, entitled "An Act to provide that the United States Shall aid the States in the construction of rural post roads and for other purposes" (39 Stat. 355)

known as the Federal Aid Road Act, the State of Montana has been apportioned certain funds for the purposes set forth in said Act, to be extended under the supervision of the State Highway Commission, subject to the inspection and approval of the United States Secretary of Agriculture or his agents and in accordance with the laws of the State of Montana and regulations of the said Secretary of Agriculture, and the said State Highway Commission in reference thereto, and,

WHEREAS, the County of Missoula, through its Board of County Commissioners desires to avail itself of the benefits of said Act in the construction or improvement of that certain road in said county, known as Missoula-Polson project in manner set forth in a "Porject Statement" prepared and to be submitted by said State Highway Commission to said Secretary of Agriculture on behalf of said county.

THEREFORE BE IT RESOLVED, that the said county, through its duly elected, qualified and acting board of county commissioners, does hereby apply to the State Highway Commission for such Federal Aid as, together with funds to be appropriated by said county for the purpose, will pay the cost of such project, and,

BE IT FURTHER RESOLVED, that said county agrees with the State Highway Commission that in the event of the approval by the said Secretary of Agriculture of the application as set forth in the project statement referred to, it will appropriate and set aside and deposit with the State Treasurer of the State of Montana the sum of Forty-five Thousand Dollars ($45,000.00), being fifty per cent (50%) of the cost of said project as determined by reconnaissance estimate, and further agrees that if the sum so set aside or appropriated by said county is not sufficient, with the amount of Federal Aid that is received, to complete the project according to the approved plans and specifications, said county will appropriate and deposit with the State Treasurer sufficient additional funds to fully complete the project according to such plans and specifications.

BE IT FURTHER RESOLVED, that the funds so set aside and appropriated shall be expended for the purpose herein set forth under the supervision and direction of the said State Highway Commission.

Be It Further Resolved, that said county agrees that it will from time to time, at its own expense, perform such work and make such needed repairs on said road as will at all times maintain a reasonable smooth serviceable surface considering the type of road; it being understood that such maintenance shall not be held to include extraordinary repairs or reconstruction."

6 RIGHT OF WAY RESOLUTION:

It was moved by Commissioner Watson, seconded by Commissioner Prescott and carried unanimously that the following resolution be adopted:

R E S O L U T I O N.

That Whereas, Missoula County is now, and has been for some time engaged in acquiring a right of way for a public road and establishing a public highway through Sections 32, 33, 34, and 35 in Township 16 North of Range 14 West, Montana Meridian, said County and State, said right of way being acquired by purchase and otherwise, and which follows the general route of that road known as the "Old Fish Creek" or "Tote Road", and

Whereas, said County has been unable to acquire by purchase or otherwise that portion of said proposed road or a right of way therefor which extends through the lands now owned by Wesley E. Binko and Pearl Lynch Binko, his wife, in Section 33, said township and range and

Whereas, that portion so owned and possessed as aforesaid is a necessary part and the connecting link in said public highway, and without which said highway cannot be completed and operated, and

Whereas, said County has heretofore through its Board of County Commissioners, caused said road to be viewed and laid out in its entirety, and did cause a survey to be made thereof by the County Surveyor of Missoula County, a copy of which said survey, together with a blue print thereof, is now on file and of record in the office of the County Clerk and Recorder of Missoula County, and

Whereas, there exists a public necessity for and a demand for said road and the whole thereof, and

Whereas, said road shall be dedicated to a public use and purpose only, and

Whereas, the route so selected by said Board of County Commissioners and laid out by said Surveyor is the most practical and feasible to be had for a public highway, especially that portion thereof which extends through the said Binko premises.

NOW, THEREFORE, be it resolved and determined by the Board of County Commissioners of Missoula County, Montana, that in the judgment of said Board it is now necessary, advisable and essential for the public welfare that the lands hereinafter described be taken and condemned for a public purpose, to-wit, a public highway in said County, and that the public necessity and convenience demands that a public road be opened and established through the lands so sought to be condemned, and that Missoula County should take, use, and have and hold a public easement for highway purposes through the said Binko land, and that said County has heretofore caused a road to be viewed, surveyed and ordered established, which extends from a point on the present county road along the East bank of Salmon Lake, said point being in the Northeast Quarter of the Southwest Quarter of Section 32, Township 16 North, Range 14 West, Montana Meridian, and running thence in an Easterly direction through the East Half of said Sections 32, 33, 34 and 35 to a point five hundred feet South of the corner common to Sections 25, 26, 35 and 36, said township and range, at which point it connects with an established highway known as the "Woodworth and Ovando Road", all of which is in said County, as shown by the survey and plat thereof together with the plat of said proposed road now on file and of record in the office of the Clerk of this Board, and that the lands hereinafter described will constitute a part of said highway when completed, and that they are a necessary part and a connecting link thereof, and without which said road cannot be established, and that the route selected, and more especially that which passes through the Binko land, is the most practical and feasible

route upon which to build the said public highway, and

BE IT FURTHER RESOLVED and it is hereby ordered that in order to so complete said highway that said Missoula County take and condemn for the purposes hereinbefore mentioned that portion of the said Binko premises which are described as a strip of land forty feet in width, being twenty feet on each side of the center line across the North half of Section 33, Township 16, North of Range 14 West, Montana Principal Meridian, said center line being more particularly described as follows:

Thence South 76 degrees 03' West 343.5 feet
Thence South 50 degrees 48' West 387 feet

to a point on the South side of the North Half (N½) of said Section 33 from whence the one quarter corner between Section 32 and 33, Township 16 North of Range 14 West bears West 532 feet, containing Five and 9/10 (5.9) acres, more or less, all of which is more particularly shown on the map or plat thereof on file in the office of the Clerk and Recorder of Missoula County, and with the Clerk of this Board.

AND BE IT FURTHER RESOLVED that the said Board of County Commissioners have heretofore attempted to acquire title to the lands sought to be condemned by purchase or otherwise, and that it is now necessary to commence an action in the name of Missoula County and against Wesley E. The motion carried.

The following letter was received by the Board from former Commissioners, G. F. Peterson and made a part of these records:

"Los Angeles, Cal. 2/19/21

Mr. Fred Watson,
Missoula, Mont.

Dear Fred:-

I have yours of the 14th inst., in reply will say that the ½ mill levy was all the board of County Commissioners agreed to give the Fair Board.

As you will remember in discussing the matter, Mr. Prescott was not in favor of making a levy at all, but to make an appropriation of $2,500.00. When we determined to make the ½ mill levy, that did away with the appropriation.

We are enjoying the winter here and do not expect to be back until the roses bloom again.

I see by the paper that you sold the High School Bonds and that work has started on the Milltown Bridge, fine!

Please give my regards to the other members of the board.

With best wishes, I am,

Yours truly,

G. F. Peterson.

P. S.

I note the County Attorney's opinion says the Fair Board contends that the Board agreed to stand back of them in case the ½ mill levy was insufficient. The only thing to my recollection that was mentioned in regard to that was in the event of bad weather interfering with the attendance.

GFP."

The following protest against the Bandmann Bridge proposition was received:

"Mr. Fred Watson, Chairman
Board of County Commissioners,
City.

Missoula, Montana, Dec. 10, 1921.

Dear Sir:-

As a heavy tax payer for clients, my corporation and self I must remonstrate and object to the building of a bridge for Mrs. Bandmann, at the County's expense. It goes without saying that the taxpayers will not approve of such an expense to benefit practically but one individual.

Because of the present orgy of extravagance, sepending and outlandish taxing, people are fairly gasping for existence.

Your ought to reject all bids on that bridge.

Yours very truly,
Fred'k. D. Whisler.

To know about how serious a condition there is, one only needs to look at the delinquent tax lists.

F. D. W."

William H. Houston, Defendant.

Case No. 1502.

Filed December 14th, 1921

JUDGMENT

This action came on regularly for trial and hearing before Hon. C. W. Pomeroy, Judge of the above entitled court, sitting without a jury, the said parties appearing by their attorneys, Wellington D. The Court determines that the allegations of paragraph four of the third cause of action are not sustained in this case. As to the other allegations in the accusation the Court determines that the charges therein are sustained.

BUDGET FOR FISCAL YEAR

It appearing to the Board that H.M.Rawn, Clerk of the District Court in preparing the budget from his office for the fiscal year July, 1921 to June 30, 1922 failed to make provisions and allowances for the purchase of supplies to be used in his office, because of an erroneous interpretation of the law, thinking that such supplies would be charged to the District Courts of the County.

And it further appearing that such is not the law and that said Clerk is in need of certain supplies to maintain and operate his office till June 30, 1922 and that an estimate of the cost of such supplies is about $2000.

Now therefore, it is the opinion of the Board of County Commissioners that an emergency has arisen by virtue of the fact that the office of the Clerk of the Court must continue to operate and cannot do so without necessary supplies, an emergency is therefore declared to exist and it is further clear that there is just cause for an additional allowance, it is, therefore, ordered that the County Auditor, audit and allow just claims against the County for such supplies and that she be directed to purchase the supplies as needed and that the cost of the same be included in the estimate for the tax levy in the succeeding fiscal year.

The Board allowed the claim and directed that a warrant be issued to J. T. Greene for $2310.75 for refund of moneys unlawfully withheld by the County for payment for board of Federal prisoners. (Supreme Court Decision).

The necessity for meeting this payment has in the opinion of the Board of County Commissioners created an emergency and the Clerk has been instructed to keep a record of this amount, together with such other amounts as the Board has designated as emergency appropriations, and become a charge against the budgets of the proper offices.

The Board allowed claims against the County for the month of January and adjourned at 1 o'clock P.M., to meet at 10 o'clock A.M., March 1, 1922.

The Board made an inspection trip in the afternoon to inspect the work on the Maclay Bridge.

ADDITIONAL DEPUTIES.

County Assessor Peat appeared before the Board and asked for additional deputies to assist in the 1922 assessment. The same was granted. Salaries $125.00.

DEPUTY SHERIFF.

A committee consisting of W. H. Meglasson, John Dishmon and Addison K. Lusk of St. Ignatius, representing the citizens of that community, appeared before the Board and requested that a deputy sheriff be stationed at St. Ignatius.

They proposed to the Board that the citizens of St. Ignatius would pay $75.00 per month toward the salary of such deputy in case one was provided, that such money would be sent to the County Auditor of the County on or about the 20th of each month.

The Board then called in Sheriff Cole and County Attorney Campbell and a general discussion was had from which it appeared that a deputy sheriff is badly needed in that community inasmuch as there is no peace officer there and a great deal of petty theivery and other crimes going on. It also appeared to the Board that the County would actually save money by taking such action for it was the belief of all present that a great deal of crime could be kept down which would do away with the necessity of bringing offenders into Missoula along with their witnesses and the witnesses against them for trial, all of which is very expensive to the County. And it further appearing from the statements made by the committee and by Sheriff Cole and Attorney Campbell that such a deputy is needed for the faithful and prompt discharge of the duties of the sheriff's office and the enforcement of law at St. Ignatius and that vicinity, and that as a result an emergency exists.

It was therefore, moved by Commissioner Watson and seconded by Commissioner Angevine that an extra deputy sheriff, at a salary of $150.00 per month be appointed by Sheriff Cole and that he be stationed at St. Ignatius and that vicinity.

The Board transacted routine business and adjourned at 5 O'clock P.M., to meet at 10 o'clock A.M., March 3, 1922.
