EXAMINER'S NOTES

The records of the several officers were found to be written up to date and in a neat and careful manner.

The cash fund balances of the County Treasurer were in agreement with similar accounts as kept by the County Clerk.

All Bank deposits and depository securities were verified during the examination.

The fees collected by the several officers have been deposited with the County Treasurer promptly, as required by law.

We note that the funds of School Districts No. 2 and ^{No.} 37, have been slightly overdrawn. There is no law authorizing the overdraft of any fund. If there is not sufficient cash in the fund, warrants must be registered.

The list of Outstanding Poor Fund Warrants as kept by the County Clerk does not reconcile with his General Ledger account, there being a slight difference of one cent which should be properly adjusted.

We find no record in the Public Administrator's Register of the Estate of Lawrence Bearland, though the Administrator deposited money belonging to this estate with the County Treasurer.

The claims for the period, with very few exceptions, were in very acceptable form, being properly dated, itemized and approved.

Claim No. 10307 and others of the Coroner are in payment of services in making investigations of cases in which inquests were not deemed necessary. For several years the Attorney General has held that the only charge that could be made legally by a Coroner was for an inquest and if no inquest was held, no charge could be made. Believing this law to be entirely impractical, unfair, and not economical, this department sponsored a bill at the last session of the Legislature to authorize the payment of fees to the Coroner for investigations which would save the taxpayers considerable money. For some reason the Legislature killed this bill and now we have no alternative but to criticize all payments of this nature, and they are not authorized by law.

Claim No. 10823 of Chas. S. Dimmick, County Surveyor, charges \$8.00 per day for taking inventory of his office at the time he took office. The Attorney General in a recent opinion has held that the County Surveyor shall receive \$8.00 per day for inspecting highways and bridges when directed to do so by the Board of County Commissioners, but that he shall receive only \$7.00 per day for other services. From this it would appear that \$7.00 per day would have been the proper and legal charge for the above services. Claim No. 11594 and others are subject to this same criticism as being in excess of the rate allowed by law. Refund should be made of all such overcharges.

Properly approved official bonds have been filed by each of the county officers as required by statute.

Respectfully submitted

Commissioner Nelson's reasons for voting no:

"My first reason for voting NO is that the County Assessor is the proper officer to raise taxes, if he so sees fit; in other words, if this McCormick property is lower in value than other properties, it is up to him to raise it in conformity with the other properties.

"My second reason for voting NO is that several other parcels of property in Missoula County were reduced in value by the State Board, and if the McCormick property is to be raised in value, so also should the other properties reduced by the Board."

LETTER RE ORANGE AND HARRIS STREET BRIDGE:

October 6, 1936.

"State Highway Commission,
Helena, Montana.

Gentlemen:

"Some time this summer a representative of the State Highway Commission appeared before the Board of County Commissioners of Missoula County, and reported that there was no money available to pay for the lighting of Orange and Harris Street bridge in Missoula. The Board of County Commissioners of Missoula County budgeted in July, \$2500.00, which is the amount of the estimate furnished to us to take care of the labor and materials for this job.

"The Board has a contract with the Walford Electric Company for the materials, for \$1695.00. This amount is to be paid by Missoula County, leaving a balance of \$805.00. It was the understanding of this Board that the State Highway Commission would have these fixtures installed and would superintend the work free of charge.

"If this is satisfactory to your Board you may go ahead and arrange to have the work done and this Board will reimburse the State, but not to exceed \$805.00, the amount of the estimate furnished us by your representative."

Very truly yours,

BOARD OF COUNTY COMMISSIONERS

By FRANK NELSON,
Chairman of Board of County Comm's."

RESOLUTION ADOPTED:

The Board adopted the following resolution and ordered it spread upon the minutes.

"It has been called to the attention of the Board of County Commissioners of Missoula County that the Resettlement Administration is at the present time planning to continue to ship families from Eastern Montana and the Dakotas into Missoula County and other parts of Western Montana. These people are broke, have not a dollar to start with, nor a thing to live on. The Resettlement Administration is paying their expenses here and is trying to find homes here to house them this winter and to work them on W. P. A. projects which have been sponsored by the Board of County Commissioners of Missoula County. The County is paying a portion of the costs for having this work done and for making jobs for the unemployed of Missoula County. The State law requires that a person must reside in the County one year before he or she is eligible for relief.

"It is further planned that the Resettlement Administration find vacant land for these people to make farms and homes for themselves. There has not been any land of this kind in Western Montana for the last thirty years or more.

"THEREFORE BE IT RESOLVED:

"That the Board of County Commissioners of Missoula County condemn the action of the Resettlement Administration in shipping these people into Missoula County:

"BE IT FURTHER RESOLVED:

"That it is the opinion of the Board that this will work a hardship on the taxpayers of Missoula County since the Resettlement Administration will keep them here for one year and then dump them onto the County as the transient relief did two years ago.

"BE IT FURTHER RESOLVED:

"That a copy of this resolution be spread upon the minutes of the Commissioners' Journal and a copy be sent to Mr. Tom Harsford, State Administrator, Rural Resettlement Administration, Bozeman, and Mr. Joseph Parker, State Administrator, Works Progress Administration, Helena.

R E S O L U T I O N

WHEREAS a great many more people voted at the elections held in 1936 in Missoula County than in any year prior thereto, and

WHEREAS, as a consequence of such unprecedented number of persons voting, there was an unusual demand and requirement for funds in connection with defraying the expenses of such elections, particularly in that additional help was required in the clerk and recorder's office of Missoula County, additional janitor service was required as well as the cost being greater for printing and postage, judges and clerks, rent, the installation of booths and registration expenses, and,

WHEREAS, as a result of this increased demand and requirement for funds there has been a depletion of the budget made for such expenses, and,

WHEREAS the expenditures above indicated are of a mandatory nature and there now being insufficient funds budgeted to take care of such expenses for the balance of the fiscal year, and,

WHEREAS the sum of Thirty-five Hundred (\$3,500.00) Dollars will be required to defray such expenditures,

NOW THEREFORE BE IT RESOLVED by the Board of County Commissioners of Missoula County, Montana, in session this 27th day of November, 1936, reasonable notice of the time and place of this meeting having been given to all members of said Board, that in view of the premises and conditions hereinbefore set forth, it is hereby authorized by unanimous vote of all members of the said board present at this meeting, that emergency warrants in numbers and amounts sufficient therefor, but not to exceed in all the sum of Thirty-five Hundred (\$3,500.00) Dollars, be issued to defray the expenses incidental to the mandatory requirements of the law in connection with the conduction of the above mentioned elections and such elections as may be held during the balance of the fiscal year, and that said warrants be designated upon the face thereof emergency warrants.

Whereas, for period of fifteen to twenty years, the county of Missoula has, at various times sold property acquired at tax sale, on which there were lien for taxes due the City of Missoula, and no accounting for the share of the city has heretofore been made, and it is the desire of both parties to this agreement that a full, final and complete settlement and liquidation of the claim of the city of Missoula, against the county of Missoula be had in the premises, therefore, it is found that the sum of \$1147.00 is due the city of Missoula for all such sales, heretofore made, and up to and including December 31, 1936, from the county of Missoula, which sum the said party of the first part agrees to pay, and the said party of the second part agrees to accept, in full settlement of all claims hereinbefore mentioned. April 27, 1937

To the
Board of County Commissioners,
of Missoula County, State of
Montana,-----, and

Davis Graham, P. R. Glasscock,
and L. M. Felton, Commissioners

"The use of conveniences and allotment of floor space in the office of the County Clerk, at Missoula, Montana, have been gradually extended, by individual speculation, to a point well beyond the lawful limit of utilization of county property by the public.

"The constitution of the State of Montana invests county commissioners with local administrative powers, and the statutes invest them with authority over county property, its business and its affairs. These powers, the state supreme court has said, are very comprehensive.

"The matter is respectfully submitted for consideration.

"Respectfully submitted,
H. R. Boden

The Board after considering the above communication took the following action:

"Missoula, Montana

"Action in regard to complaint of H. R. Boden, filed April 28, 1937.

"The Board of County Commissioners of Missoula County is of the opinion that the Clerk and Recorder is wholly responsible for the floor space in his office, now occupied by the abstractors. He may arrange his office of his own convenience and for the best interests of the public which he is serving.

ROAD PETITION G. T. McCULLOUGH, et. al.:

The Road Petition of G. T. McCullough, et al. for the opening of a road in ^{the SE 1/4 of} Sec. 26, Twp. 13 N. R. 20 W., being due east from the Maclay Bridge, filed June 2nd, 1936, was again taken up. The Board of County Commissioners of Missoula County, after a thorough investigation of the matter, is of the opinion that they would not be justified in spending the money necessary to open and build this road. The owners of the adjoining property served notice upon this Board that they would not open this road without an Order from the Court. Also the Miller-Kelley-Cave-Gannon Consolidated Ditch Company has prior right-of-way through this property where this road would go. The Board is of the opinion that this would mean two law suits to clear up title to this right-of-way. In view of the above, the Board has denied the petition. The Clerk was instructed to notify Dr. G. T. McCullough and Mr. Donovan Worden of the action of the Board.

Present: Davis Graham, Chairman,
R. P. Glasscock, Commissioner,
L. M. Felton, Commissioner,
W. J. Babington, Clerk.

The minutes of the previous meeting were read and approved.

ORDER FOR SPECIAL SESSION:

Moved by Commissioner Felton, seconded by Commissioner Glasscock that the Board meet in Special Session Thursday, the 5th and Friday the 6th July, 1937, at 10:00 o'clock A. M. Motion carried. The Clerk was instructed to post notices accordingly.

BOARD OF EQUALIZATION:

At 10:30 o'clock A. M. the Board of County Commissioners adjourned and met as the Board of Equalization, same officers Present.

The Board of Equalization received the following complaints:

[illegible]

5. International Business Machines Corporation, 270 Broadway, New York City, N. Y., by Frank Woody its Agent and Attorney.

Property consisting of accounting and computing machine^{and} equipment,

Assessed Valuation \$6,885.00
Reduction asked to \$2,305.17.

The Board set Aug. 2nd, 1937 at 2:00 o'clock P. M. for hearing said complaint.

6. Mary Louise Bourdeau, Estate, 542 So. 5th St. W., Missoula, by L. F. Bourdeau,

Assessed valuation Buildings \$4,300.00 land \$1,200.00

Reduction asked Buildings 2,500.00 land none.

The Board set August 2nd, 1937, at 2:30 o'clock P. M. as the time of hearing.

5. At 2:00 o'clock P. M. the Board heard the complaint of the International Business Machines Corporation of 270 Broadway, New York City, by Frank Woody, its Agent and Attorney, property consisting of accounting and computing machines and equipment.

The Board, after considering the complaint, decided that the assessed valuation of \$6,885.00 is too low, and instructed the Assessor to raise the assessed valuation on said accounting and computing machines and equipment to \$9,000.00, owing to the fact that this property brings returns to the Company of \$2,970.00 per year, after deducting from this amount \$594.00 or 20% for maintenance, which we figure a fair allowance. This leaves a net income of \$2376.00 on the Company's investment which will net 25% if the property is assessed at \$9,000.00.

6. At 2:30 o'clock P. M. the Board took up the matter of the complaint of Mrs. Mary Louise Bourdeau estate, 542 So. 5th St. W., by L. F. Bourdeau. The Board Reduced the valuation on the building for the year 1937, \$800.00.
