Present: Emil C. Lehsou, Chairman,
 Frank Nelson, Commissioner,
 Davis Graham, Commissioner,
 W. J. Babington, Clerk.

The minutes of the previous meeting were read and approved.

BIDS FOR SHINGLING:

Moved by Commissioner Graham that the bids for reshingling the Agricultural Building at the Fairgrounds be rejected.

Commissioner Nelson made a substitute motion that the Contract for the re-shingling of the Agricultural Building at the Fair Grounds be awarded to R. N. Owen as per his bid \$769.00, being the lowest of several bidders. The Reason for my substitute Motion being: the Board acted in good faith in advertising for bids and drawing specifications for the reshingling of said building. Mr. R. N. Owens acted in good faith when he presented his bid for said shingling job; when he presented his bid accompanied by cash; and there should be no reason now that the Board should not award R. N. Owens the contract.

Commissioner Graham arose to a point of order, the point being that you cannot offer a substitute motion nor amend nor debate a motion until the said motion has received a second.

The Chairman took the Point of Order under advisement until 10:00 o'clock A. M. October 11th, 1933.

NATIONAL REEMPLOYMENT SERVICE:

Pursuant to a letter of request of R. R. Purcell, State Director of National Reemployment Service, as follows:

Mr. Davis Graham, Chairman,
Board of County Commissioners,
Missoula County,
Missoula, Montana.
Dear Sir:

Helena, Montana,
October 9th, 1933.

The purpose of the National Industrial Recovery Act, provides for the expenditures of large sums of money on highways and other public works with the object of hastening business improvement by giving jobs to those who would otherwise be unemployed, and to aid in the fulfillment of this purpose, the U.S. Employment Service, within the Department of Labor, will organize and direct the National Re-employment Service.

Each state organization will be under the direction of a State Reemployment Director, which in our State is Mr. R. R. Purcell, and it is the duty of Mr. Purcell to organize in each County in our State, a National Reemployment Office, for the purpose of registering the unemployed and assigning them of all NRS projects. Not having sufficient funds for the establishing of boards in each county, it is necessary that we request the county commissioners to arrange for the appointment of someone to handle this work in their respective counties. We will assist you and act in a supervisory capacity, furnish necessary supplies for the registration of the unemployed, advise you of proposed work, and when a contract is awarded, give you the name of the contractor, time work will start, and approximate number of men needed; the expense of these offices to be paid by each county. We contemplate starting the organization of the County units Monday, October 16th, and will arrange for a supervisor from this office to assist you in getting started.

The citizens in each county should be interested in having a National Reemployment office, as under the rules and regulations set down by the Federal Government, a contractor must agree before signing his contract to secure his employees from established Reemployment offices, and unless the county has such an office, we could not supply the demand in that county, and could only supply the demand from a registered county.

Where an office has been established, it will be necessary for you to arrange to finance the office and conduct it in conformity with the National Reemployment Service. The appointment of a manager and a supervisory board should receive your personal attention, as the establishing of the National Reemployment Board in your county is of the utmost importance and must be effected before November 1st, in order for us to carry on the employment service. Full information and instructions will be given you by our supervisor, and may I thank you in advance for your cooperation and assistance, and ask that steps be taken as soon as possible.

Yours very truly,

R. R. PURCELL

EXAMINER'S NOTES

The accounts of the several officers were found to be written up in a prompt, neat and efficient manner.

The accounts of the County Clerk as to Cash fund balances were in agreement with similar accounts as kept by the County Treasurer.

Though it would appear that an excessive amount of cash is unnecessarily carried by the County Treasurer such is not the case as the greater part of such cash is in the form of county warrants and ~~is~~ in reality is not actual cash.

The fees collected by the several officers have been deposited promptly each month with the County Treasurer as required by law.

The Public Administrator's record of the Estate of Ben R. Smith is incomplete, while a difference is noted in the Administrator's account as compared to the account of the County Treasurer amounting to \$5.06 in the Dambrowsky Estate, and \$14.50 in the Zigler Estate. Proper adjustment should be made of these accounts.

Claim No. 3 of the Montana Association of County Commissioners was paid on January 5, 1933, in the amount of \$30.00. The claim itself which was dated January 1, 1933, shows this charge to be for dues for membership in the Association for the year 1933. We doubt the legality of this claim. Though the law does permit the County to pay its proportionate share of the expenses of the Association, it does not permit the advance payment of a membership fee before any expense has been incurred and before any service has been rendered by the Association to the County. In Flathead County the District Court recently rendered judgment against the Association on a claim similar to this one, holding that the claim was illegal and not a proper charge against the County.

Claims filed by corporations such as Claim No. 41, should be signed in the name of such corporation by one of its officers and not merely by the officer or person himself.

Claim No. 1298 for witness fees allowed mileage at the rate of 8½ cents instead of 7 cents as specified by Chapter No. 16 of the Laws of 1933.

Claim No. 1302 is very similar, also allowing a mileage rate in excess of the rate fixed by law.

Though the County has operated since the first of the year without an Auditor, we find that the duties of the Auditor have been assumed by the County Clerk and that the Claims have been handled in a very satisfactory manner under his supervision.

Respectfully submitted,
Frank H. Johnson,
State Examiner.

Cooney, Governor of said State, do hereby proclaim and declare that an emergency exists in the County of Missoula, State of Montana, requiring the relief from suffering of many of the inhabitants of said county, caused by destitution and other public calamity, and to meet such emergency and to relieve the destitution and suffering, and to furnish the necessities of life to such inhabitants of said county as the exigencies of the situation may require, the Board of County Commissioners of said county is hereby authorized and directed to transfer, according to law, such moneys as may now be on hand in any of the several funds in the County Treasury of said county, excepting bond interest and sinking funds and school funds, to the poor fund or such other fund of said county as may be needed for the purpose of such relief; provided that such funds so transferred shall be used only for relief purposes and in furnishing labor to needy citizens for relief purposes.

Such transfers may permit such funds to be used to purchase property where its purchase is necessary in order to carry on public works and where funds for payment of labor are thereby received and become available for relief purposes. Such transfers to be made in such amounts and to such extent as may be necessary to meet the said emergency and to continue from time to time until such destitution and suffering are adequately relieved; but no such transfer shall be made under and by the authority of this Proclamation after the thirtieth day of June, 1934.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State to be affixed.

That the reasons why a reduction is asked and demanded in the assessed valuation of said property is that the assessed valuation placed upon said property by the County Assessor of Missoula County, Montana, is arbitrary, erroneous, excessive, and confiscatory, and that said property is not worth the amount for which it is assessed and that the same is not worth more than the amount to which this applicant demands that the same be reduced.

The undersigned applicant and agent for the owners of said property hereby offers to appear before the Board of Equalization upon reasonable notice, and answer, under oath, all questions touching the taxable valuation of the property hereinabove mentioned and described, and to offer such information regarding the same as may be pertinent and desirable.

Dated at Missoula, Montana, this 26th day of July, 1934.

The Proposal is as follows:

Missoula, Montana.
December 17, 1934.

Board of County Commissioners,
Missoula County, Montana

Gentlemen:

The Missoulian Publishing Company, of Missoula, proposes to your honorable body to renew the present existing Printing Contract with Missoula County, which will expire on December 31, 1934, on the following terms:

The prices for publishing all legal advertising and publications, to be the same as in the existing contract, i.e., "For Straight Matter, 30¢ per folio or fraction thereof for the first insertion and 10¢ per folio for subsequent insertions, and for Rule and Figure Work, 45¢ per folio or fraction thereof for the first insertion, and 10¢ per folio or fraction thereof for subsequent insertions."

That the section relating to prices for which printing will be furnished as set forth in the present existing contract be stricken out and the following clause inserted in lieu thereof;

"All printing of whatsoever nature required by the County of Missoula including all Blanks, Blank Books, Stationery, Election Supplies, Loose Leaf Forms and Devices will be furnished at the prices set forth in the Price Determination Schedule and the Franklin Price List, less a discount of 10%, with the exception of those specific items which are covered by the Montana State Law which will be priced at the prices set forth in the Price Determination Schedule and the Franklin Price list less 10%, or the net prices as set forth in the Montana State Law - whichever price is lower.

The above prices are as low as we are permitted to quote according to the restrictions placed upon the printing industry by the National Recovery Act which is administered in Montana by the Montana Regional Code Authority of the Graphic Arts Code.

We agree to give the County of Missoula the benefit of any change in the administration of the Graphic Arts Code which results in a lower price schedule being permitted during the life of the contract, and if for any reason the restrictions placed upon the industry because of the Graphic Arts code are removed by law, then the price schedules named in the present Printing Contract as refers to both printing and advertising will be in full force and effect for the unexpired portion of the contract.

The Missoulian Publishing Company agree to enter into a contract on the above terms for a period of either one or two years.

The above proposal gives the County as low a printing contract as it permitted under the National Recovery Act; gives protection against a possible revision of the code to allow lower prices later on; restores the present existing contract in the event the National Recovery Act and the Graphic Arts Code is abolished by law.

Sincerely yours,
The Missoulian Publishing Company
C. A. Colby

JANUARY 24th, 1935.

The Board of County Commissioners of Missoula County, Montana, met at 10:00 o'clock A. M. in continued Special Session.

Present:	Frank Nelson,	Chairman,
	Davis Graham,	Commissioner,
	R. P. Glasscock,	Commissioner,
	W. J. Babington,	Clerk.

The minutes of the previous meeting were read and approved.

COUNTY ATTORNEY PRESENT:

The Board of County Commissioners met with the County Attorney for the purpose of submitting to him three or more questions, And now I will ask the Clerk to make a roll call.

Chairman Nelson,	Present;
Commissioner Graham,	Present;
Commissioner Glasscock,	Present;
County Attorney Higgins,	Present;
County Clerk Babington,	Present.

Question 1. What are the Clerk and Recorder's duties as the Clerk of the Board of County Commissioners?

Question 2. At the beginning of the Session in the forenoon, and when the minutes of the previous meeting have been read and approved, and the roll call for the Session that day has been made and entered on the minutes, has the Board the legal right to excuse the Clerk from their Session while the Board is still in session, and recall him at any time at their pleasure?

Question 3. At any time when the Board is in session and the Board or any member of the Board is in consultation with parties pertaining to County matters, can the Clerk of the Board, at any time he chooses, interrupt any conversation?

OPINION OF COUNTY ATTORNEY:

The Board received the opinion of the County Attorney in regard to the foregoing questions, and ordered same filed:

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS OF
MISSOULA COUNTY, MONTANA:-

On this 24th day of January, 1935, the Board of County Commissioners submitted to me the three following questions:

1. What are the duties of the County Clerk & Recorder as the Clerk of the Board of County Commissioners.
2. At the beginning of the session, in the morning (A.M.), and when the minutes of the previous meeting have been read and approved, and the roll call for the session for that day has been made and entered in the minutes, has the Board the legal right to excuse the Clerk from their session while the Board is still in session, and recall him at any time at their pleasure.
3. At any time when the Board is in session, and the Board or any member of the Board, is in consultation with parties in regard to County matters, can the Clerk of the Board, at any time he chooses, interrupt any conversation.

In answer to question 1: Section 4459, Revised Codes of Montana for 1921, provides: "Duties of the Clerk. The Clerk of the Board must: 1, Record all the proceedings of the Board."

That Section provides the duties of the Clerk & Recorder as Clerk of the Board of County Commissioners.

In answer to question 2: It is my opinion, that under Section 4460, above quoted, and Section 4458, which provides that all meetings of the Board of County Commissioners must be public, it is not within the power of the Board to exclude or excuse from their meetings, the Clerk of the Board. The law provides that the Clerk shall record all of the proceedings of the Board, and it necessarily follows that he must be present to do this.

In answer to question 3: Section 4469, Revised Codes of Montana for 1921, provides: "The Board has the power to direct the Sheriff to attend in person, or by deputy, all the meetings of the Board to preserve order....."

The County Commissioners are elected to carry on the business of the County. The theory is that they are the County managers. Of course, it follows that the Clerk of the Board has no right to interfere with any of the actions of the Board, and the above statute provides the means of keeping peace and order in the chambers.

The Clerk is an officer, designated by Statute, to merely attend the meetings and record the proceedings of the Board.

Dated this 24th day of January, 1935.

GEORGE F. HIGGINS
County Attorney for Missoula County.

STATE EXAMINER'S REPORT RECEIVED:

The Board received and ordered filed the State Examiner's Report dated December 16th 1934, and instructed the Clerk to notify the several county officers that the same would be read in the County Commissioners' Office on Saturday, January 26th, 1935, at 10:00 o'clock A. M.

The Board attended to general business and looked after the needs of the County poor as evidenced by Sheet No. 638, as follows:

EXAMINER'S NOTES

The records of the several officers were written up to date and in a neat manner.

The accounts of the County Clerk were in agreement with similar accounts as kept by the County Treasurer.

All cash, cash items, bank deposits and depository securities were verified.

The High School Fund and several of the District School Funds were overdrawn, a condition which should never exist under any circumstances,

A new Daily Cash Balance system was installed in the office of the County Treasurer, which we believe will be a very decided improvement over the old system.

The claims for the period were found to be in very good form with a few exceptions, such as No. 7388, which did not show the date of service as required by law.

Several of the old balances that have been carried for years in the Trust Fund of the Clerk of the District Court should be disposed of in some manner, if possible.

Respectfully submitted,

FRANK H. JOHNSON,
State Examiner.

COMMUNICATION FROM COUNTY TREASURER:

The Board received and ordered filed, a communication from the County Treasurer relative to the criticism in the State Examiner's Report, as follows:

January 26th, 1935.

Honorable Board of County Commissioners.
 Mr. Frank Nelson, Chairman,
 Mr. Davis Graham,
 Mr. R. P. Glasscock.

Gentlemen:

In answer to the State Examiners report, which has just been read by the Clerk, I am taking the blame for what the Examiner says about the High School Sinking Fund having been ~~over~~ drawn, and I agree with him that it is a very bad policy, but I wish to make the following remarks about the same.

First. Regarding the Sinking Fund for the High School, the County Treasurer appeared before the Board in 1932 and advised them that they should raise the Levy and again in 1933 the same was done, and I figure the Board was to blame by not allowing the raise in the Levy and the County Treasurer has no say about raising the Levy and that is where the fault was, in the first place.

Second. These Bonds had to be paid, or else defaulted, and when any County defaults their Bonds they might as well throw up their hands and start figuring. And I took the Blame and paid them.

Third. We had the same experience in 1934, and the High School Board will verify my statement, because the Commissioners said that the High School was responsible for the Sinking Levy and I contended that the Commissioners was the party to fix this Levy, and the levy was raised by the Commissioner.

Fourth. With the Assistance of the State Examiner's Office, things have been all straightened out, and I will advise the Board and I wish it put on record that I will not take this responsibility again, if I have to default the Bonds.

I hope this is clear to every one concerned, and I assure you all there is no ill feelings on my part, only I wish to have this matter understood so it will not happen again, thanking you, I remain,

Yours respectfully,

E. J. Beckett, County Treasurer, Missoula County.

BRIDGE & ROAD VIEWERS REPORT:

The report of Bridge and Road Viewers was received by the Board from Commissioner Graham and Commissioner Glasscock on Bridge and Road matters in the Blackfoot Valley, made on May 21st, 1935, as follows:

REPORT OF BRIDGE AND ROAD VIEWING MAY 21st, 1935:

Commissioner Graham and Commissioner Glasscock make the following report and recommendations on roads and bridges in the Blackfoot and Clearwater Valleys:

We found that a good many of the floor planks on the first three bridges above Bonner crossing the Blackfoot River to be in bad condition, the guard rail on one side of Elk Creek bridge has been run into and broken down; the guard rails on both ends of the bridge at Clearwater have been run into and broken away; the bridge crossing Camp Creek we find unsafe for traffic.

We have ordered repairs to all the above bridges with the exception of the Camp Creek Bridge which we have ordered replaced with a new structure.

In viewing the roads between Woodworth and the Clearwater highway at Salmon Lake we recommend that the County continue the use and maintenance of the South road with the following repairs and changes: That some clearing of stumps and trees which will straighten and widen the roadway, and, where it is necessary, that the road bed be graded and ditched.

At a point where this road starts down the hill at Salmon Lake to the Clearwater highway, we recommend a change from the present location to the old tote road grade and down about a quarter of a mile, where it again intersects with the present grade, but cuts the distance and will do away with a very narrow and crooked part of the grade.

(Signed) Davis Graham, Com.

PROPOSED TRANSFERS:

Moved by Chairman Nelson that the Board make the following Transfers:

\$22,000.00 from the Road Fund
 4,500.00 from the Bridge fund

Pending the Governor's Proclamation for such transfers to be transferred to the Poor Fund.

There being no second, the motion is declared lost.

PROPOSAL FOR TRANSFERS:

Moved by Commissioner Graham that the Board of County Commissioners of Missoula County ask the Governor of the State of Montana for a Proclamation to transfer \$20,000.00 from the Road Fund, to the Poor Fund; \$4,500.00 from the Bridge Fund to the Poor Fund and \$2,000.00 from the General Fund to the Poor Fund. Motion seconded by Commissioner Glasscock.

Chairman Nelson voted No;
Commissioner Graham, voted Aye;
Commissioner Glasscock voted Aye. Motion was declared carried.

My reason for voting "No" was this: My motion recorded on the minutes for a transfer of \$22,000.00 from the Road Fund to the Poor Fund and \$4,500.00 from the Bridge Fund to the Poor Fund. In transferring \$22,000.00 from the Road Fund would still remain in the Treasury practically \$5,000.00 in Cash. In transferring \$4,500.00 from the Bridge Fund to the Poor Fund there would remain practically no cash. I can see no reason why the Road Fund should have priority rights to penalize other county funds.

The Board sold to H. H. Moore and Joan Moore, 1001 East Broadway, Lot 8, Block 45 of East Missoula for \$9.00. The Clerk was instructed to make a Quit Claim Deed for the same.

JULY 30th, 1935.

The Board of County Commissioners of Missoula County, Montana, met in continued Special Session at 10:00 o'clock A. M.

Present:	Frank Nelson,	Chairman,

The Minutes of the previous meeting were read and approved.

EXTRA HELP FOR COUNTY CLERK: TAX EXTENSION:

The County Clerk appeared before the Board and asked for extra help to figure the Tax Books, Request was granted.

WAGE SCALE RECONSIDERED:

Moved by Commissioner Glasscock, seconded by Commissioner Graham that the Board reconsider the motion made February 14th, 1935 on the scale of wages for extra help. Motion carried.

Moved by Commissioner Glasscock and seconded by Commissioner Graham that the scale of wages for extra help in the County offices be not less than \$4.00 per day. Motion carried.

FUNDING BOND ISSUE PROPOSED:

Moved by Commissioner Glasscock that the Board of County Commissioners of Missoula County refund by a Funding Bond Issue all Registered Warrants on the Poor Fund, last warrant No. 8188, which is approximately \$84,000.00 and that the County Attorney be instructed to prepare the necessary papers and take the necessary action according to law to issue and sell said Bonds. Seconded by Commissioner Graham.

On Roll Call	Chairman Nelson	voted No;	
	Commissioner Graham	voted Aye;	
	Commissioner Glasscock	voted Aye.	Motion carried.

Moved by Chairman Nelson that Missoula County issue Funding Bonds in the amount of \$56,000.00. The reason for my motion is that Missoula County now has ample funds in the Treasury to the amount of \$26,500.00. The County can also take care of \$1,500.00 Poor Fund warrants in our 1935-1936 Poor Fund Budget, which will make a total of \$28,000.00, and I can see no reason at this time why Missoula County issue Poor Fund Funding Bonds in excess of \$56,000.00. Motion is declared lost for want of a second.

Chairman Nelson requested the Clerk of the Board to furnish Chairman Nelson a certified copy of both the above motions.

INDEMNITY BOND APPROVED:

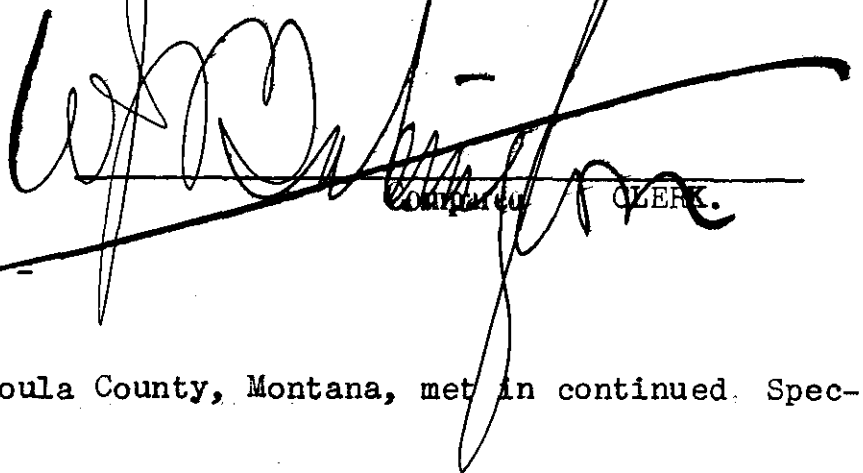

The Board examined, approved and ordered filed the Indemnity Bond of Olive Allison Route #1, Missoula, Montana, in the amount of \$30.00 and the Clerk was instructed to draw a duplicate warrant in lieu of Warrant #5847, Poor Fund, amounting to \$15.00 lost, for which this bond is intended to cover.
