RESOLUTION - ANGEVINE - ROAD WORK:

RESOLUTION

Commissioner Angevine introduced the following Resolution and moved its adoption:

WHEREAS, it appears to this Board that it has been the policy of the State Highway Commission to let contracts for highway construction to the lowest bidder and to the contractor able to complete the contract in the shortest length of time, and

WHEREAS, this policy, it appears, has compelled contractors to provide themselves with the most expensive and up to the minute road machinery, generally purchased outside the State, in order to be the successful bidder, and

WHEREAS, this procedure, although done with the best intentions by the State Highway Commission, has not, we feel, been the most beneficial to this State, nor has it relieved the unemployment to any extent, as the people thought it would, and

WHEREAS, it appears to this Board that the relief of un-employment should also be considered in the letting of contracts and disbursing gas tax funds in this State, and that a more liberal policy towards this end should be inaugurated,

THEREFORE, BE IT RESOLVED, that this Board go on record as favoring a policy for the relief of un-employment where it can be done and that in all future contracts let by the State Highway Commission, a more liberal policy be inaugurated towards the employment of men and teams. This we believe would relieve un-employment, to a great extent, keep more money within the confines of this State, thereby benefitting the farmer and business man.

BE IT FURTHER RESOLVED, that this resolution be spread on the minutes of this Board, that a copy be sent to the State Highway Commission at Helena, Montana, to the Missoula Press, the Missoula Chamber of Commerce, The Missoula Trades and Labor Council, our Senators and Representatives in Congress for their consideration.

Seconded by Commissioner Nelson. Upon roll call the following votes were cast:

RESOLUTION - RE-COUNTY AGENT'S OFFICE:

The Board received a Resolution passed and signed by the Board of Directors of the Missoula County Farm Bureau in Meeting assembled June 2nd, 1931, asking the Board of County Commissioners to reconsider their action concerning a resolution dated May 25th, 1931, cancelling the office of County Agent.

RESOLUTION

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS AND TAX PAYERS OF MISSOULA COUNTY:

This communication from the Missoula County Farm Bureau, the only county wide farm organization in Missoula County, concerning the cancellation of County Extension work to take effect June 30th, 1931. We, as an organization, are believers in Extension work, and if possible would like to see it continued. Also, we have the utmost faith in the ability, sincerity and integrity of our present County Agent.

We wish to call to your attention some of the activities of this office.

FIRST: The County Agent's office has supervised the gopher control campaign in which over 300 farmers have spread about 70,000 pounds of bait and protected crops to the extent of \$145,000.00 in five years.

SECOND: That the crop standardization work has spread to all parts of the county and now over one half of the farm land is planted with seed of high yielding standard varieties, thus producing crops more economically.

THIRD: That due to the extension work, good sires and better livestock have been added to the Missoula County farms, both thru the livestock sale and by individual service work. This work has included beef and dairy cattle and hogs. By the efforts thus put forth the kind and quality of livestock in the county has improved.

FOURTH: That the 4-H club work with boys and girls in the rural districts has created a desire on part of the youngsters to be better farmers and home-makers and has developed an ideal of leadership and citizenship among the young folks which will surely be an asset to the county in later years.

FIFTH: That the individual service work rendered by the County Agent with individual farmers to supply them with information requested and help them solve their individual problems has proven of value to all farmers who have availed themselves of this opportunity for help.

SIXTH: That to discontinue the County Extension Agent's office at this time would mean a curtailment in all of the above activities.

SEVENTH: That with the threatened outbreak of cut worms and grasshoppers this year, a county agent can be of indispensible value in helping the farmers ward off these pests in order to protect their crops.

This list could be extended indefinitely. Some or all of this work has reached nearly every rural home in Missoula County, and it is our belief that the economic and social conditions of farm life are richer by this work.

The cost to Missoula County is less than one half of one per cent of all taxes collected, or to be exact, 45 cents out of every one hundred dollars of taxes paid.

We know that taxes are confiscatory in nature and somehow, somewhere, expenditures

for local governmental activities must be cut. We do not feel that Extension work should be the first one to "get the ax",

We believe that a proportionate cut in the expenses of all county activities would reduce the taxes materially, and that this office, rather than being discontinued entirely should stand its proportionate share of this cut.

If there is no other reduction other than the one half of one per cent saved by discontinuing this office, we will consider it a personal matter and not one of economy. It is our experience that to make a worth while saving "it takes many micks to make a muckle."

This state unanimously passed and signed by the Board of Directors of the Missoula County Farm Bureau in meeting assembled, June 2nd, 1931:

HOLMES MACLAY,	President
A. R. DESCHAMPS,	Vice President
IRA F. HALLING,	Sec. & Treas.
J. J. CLIFFORD	
LEE ELLIOTT	
CHAS. STAHL	
CHAS. ANDERSON	
R. M. BOATMAN

and the Board set Monday, June 15th, 1931, at 10 o'clock A. M. in the Commissioners' office in the Court House in Missoula, Missoula County, Montana, as the time and place for hearing of those interested in either the continuance or discontinuance of the office of County Agent. And the Clerk was instructed to notify the signers of the Resolution of the Date and Place of hearing as well as furnishing the Press with a notice of the same to be published June 12, 13 and 14, 1931.

LINCOLN PARENT-TEACHER ASSOCIATION:

The Board received and ordered filed a resolution from the Lincoln Parent-Teacher Association passed on June 1, 1931, asking the Board to reconsider their action concerning a resolution dated May 25, 1931 discontinuing the office of County Agent.

RESOLUTION

Lincoln Parent-Teacher Association Resolution unanimously passed on June 1st, 1931.
In consideration of the following facts:-

1. The Lincoln Parent Teacher Association sponsors 4-H Club work in the Community.
2. There were about 17 4-H Club members in this Community last year.
3. This number has increased to over 30 members. *This year*
4. All 4-H Club work in the community and County is supervised and directed by the County Extension Agent.
5. Without a County Agent to supervise the 4-H Club work, it would soon die out and disappear.
6. The 4-H Club work in this community has done much towards teaching the young folks better practices in Agriculture and Home Economics and also develops good citizenship and initiative on the part of its members.

7. That the cost to the County of keeping a County Agent is more than paid for in the results of 4-H Club work.

Besides this, the County Agent carries on a variety of other work for the benefit of the Farmers and residents of the County.

June 1, 1931.

We, the members of the Lincoln Parent-Teachers Association in meeting assembled, do hereby solemnly resolve that the County Extension Agent's office has been of much value in this Community and hereby ask the County Commissioners to reconsider their recent action and reinstate the County Agents office in Missoula County.

June 9, 1931.

Honorable Board of County Commissioner,
Missoula County, Montana.

Gentlemen:-

We the undersigned, duly authorized Board of Road Viewers have looked into the matter of a new bridge and road petition for by the Freeholders in road district No. 14, and to not act favorably upon these petitions for the following reasons:-

1. We do not believe that at this time there is any economic reason for this project.
2. Due to the financial condition of the county Road Fund at present we do not deem it advisable to further burden that fund.
3. A protest has been filed by the freeholders in Road District No. 14 which carries nearly as many signatures against the proposed project as there are signers for the proposed project. This alone makes it seem not advisable to act favorably upon this petition because the property owners themselves are so divided in their opinions.

RESOLUTION - MISSOULA COUNTY DAIRYMEN'S ASSOCIATION:

The Board received and ordered filed the following resolution from the Missoula County Dairymen's Association:

MISSOULA COUNTY DAIRYMEN'S ASSOCIATION.

June 10th, 1931.

TO THE BOARD OF COUNTY COMMISSIONERS:
R. W. Angevine, Chairman.

The Missoula County Dairymen's Association held a meeting last Monday evening, June 8th, At this time our Association considered the closing of the County Extension Agent's office and also the resolution which was made by the directors of the Missoula County Farm Bureau.

We went on record as fully approving the Farm Bureau's resolution and hereby wish to endorse that resolution and ask that you reconsider the action which you have taken and re-establish the office of County Agent.

We believe that the benefits to be obtained from Extension work are far greater than the actual cost to the county and therefore it would not be economy on the part of the county to do away with this office.

Yours respectfully,

MRS. PAULINE NIEMEYER, Secretary.

MISSOULA WOMEN'S CLUB - RE HEALTH DEPARTMENT:

The following communication from the Missoula Womens Club was received:

WOMANS CLUB
OF MISSOULA

Missoula, Mont.
June 10th, 1931.

The Honorable Board of Co. Commissioners
Missoula, Mont.

Gentlemen:

At a regular meeting of the board of the Missoula Womens Club, held Saturday at the home of Mrs. George M. Jennings, President, the topic of reduction in the force of the health department was discussed, and we, as representatives of the women of Missoula request that no change be made at present as we consider the services rendered by those in charge of inestimable value to the community; especially the work of Miss Morgan as health nurse.

So many mothers depend on her judgment and help. Her record is one of ever increasing activity and Missoula Co. is fortunate in having a very low rate of infant mortality, due, we believe, in a large measure to the efficient service of this department.

We sincerely trust you will give our request careful consideration before taking any definite action.

Respectfully yours,

Womans Club of Missoula.

By Mrs. James A. Rusk, Corresponding Secretary.

RESOLUTION - O.H. UNIT OF MISSOULA COUNTY FARM BUREAU.

Resolution from Orchard Homes Unit of Missoula County Farm Bureau was received by the Board and ordered filed.

Orchard Homes
June 10th, 1931.

To the Board of County Commissioners, Missoula Co., Montana.

Gentlemen:

The following Resolution was passed unanimously at the Regular Meeting of the Orchard Homes Unit of the Missoula County Farm Bureau held tonight, June 10th, at the Orchard Homes Country Life Club House, and as Secretary I was directed to forward you a copy.

Resp. yours,

H.C.B. COLVILL.

WHEREAS, The County Commissioners of Missoula County have declared the office of County Extension Agent vacant, and

WHEREAS, The Missoula County Farm Bureau, expressing every Farm Precinct in Missoula County, has forwarded to the County Commissioners a strong protest against this action, and

WHEREAS, It has taken the farmers of Missoula County many years of effort to secure the services of a County Agent, and

WHEREAS, The farmers of Missoula County have work in progress, and planned for years in advance which will be rendered utterly useless by the dismissal, at this time, of the County Agent,

THEREFORE, BE IT RESOLVED, That the Orchard Homes Unit of the County and National Farm Bureau deplore this action by the County Commissioners of Missoula County, who in five minutes have been able to overwhelm the protracted and painful efforts of the farmers of Missoula County over a period of years, and

BE IT FURTHER RESOLVED, That we unanimously endorse the protest of out County Bureau.

We wish further to call your attention to the following facts:

Financial returns running into thousands of dollars have already been published in the papers, resulting from the work accomplished by the County agent in 1930, but there has in addition been a great deal of money invested by Missoula County farmers in work planned for this and future years.

Hundreds of dollars have been invested in the Baby Beef Clubs.

The same may be said of seed investments in standardizing grains and vegetables.

This is the standardization of crops for the County which has been in the County Agent's charge, and which is absolutely necessary at this time.

The improving of stock, and the acting of the County Agent's office as a clearing house in procuring suitable stock at reasonable prices, cannot be duplicated by any other agency.

The prevention of excessive purchases of unnecessary fertilizer for special purposes from expert information in the hands of the extension agent, and has saved Missoula County farmers many dollars. This work should be continued.

In Conclusion, when the farmers of Missoula County are prosperous the whole County benefits by it.

Signed, Respectfully yours

J. A. STAHL, Vice President
H. C. B. COLVILL, Secretary.

JUNE 15th, 1931.

The Board of County Commissioners of Missoula County, Montana, met at 10 o'clock A. M. pursuant to adjournment.

Present:	R. W. Angevine,	Chairman,

	Frank Nelson,	Commissioner,
	W. J. Babington,	Clerk.

The minutes of the previous meeting were read and approved.

RESOLUTION:

Commissioner Nelson introduced the following Resolution and moved its adoption:

RESOLUTION

WHEREAS, When financial depression exists; when the outlook for crops is far below normal; when we are told that business is below normal; when many small property owners, mechanics, craftsmen and common laborers are out of employment and earnestly looking for work; when industrial plants and business houses are curtailing their overhead expenses; when taxpayers are clamoring that they cannot carry the burden of the present rate of taxation; when women and children are hungry and applying to the County for aid, then it becomes the solemn duty of the Board of County Commissioners, upon their oath, to do all in their power for reduction in County Expenditures, that the burden of the taxpayers may be lightened; and

WHEREAS, Sometime ago the Board passed a Resolution for the purpose of establishing a Commissary to supply the County Farm and Outside Poor with food stuffs and thereby could have saved for the County several thousands of dollars, this action of the Board was at that time protested by the Retail Grocery Merchants to such an extent that the plan for the Commissary was abandoned for the time being; and

WHEREAS, The Board, through its action, has dispensed with the services of the County Extension Agent, making a saving of \$5,970.00 per year, and same is now being protested by various petitions now on file.

We believe that the Board has rendered the farmers a real service through the Commission of representative farmers, representing different parts of the County. This Commission, through its splendid work and untiring and fair efforts, has equalized valuations on farm lands in the entire County to the extent that all lands are bearing their just proportion of taxation, and in some instances, made a reduction; and

WHEREAS, There are many financial abuses in County affairs over which the Board has no control. In the past four sessions of the Legislature, our Legislators, in our opinion, have been altogether too liberal in enacting laws in favor of the individual at the expense of the taxpayer, and it would be time well spent for the public to look into such matters and demand at the next session of the Legislature a general reform in these abuses.

THEREFORE, BE IT RESOLVED: That the Board

(1) Systematize its work to the extent that it may transact the affairs pertaining to the office in four (4) days a week meetings, except as required by law, continuous meetings, such as meetings of the Board of Equalization, Re-Classification and other such meetings as required by law.

(2) That the Board confer with all County and Township officers that they may reduce their office help to the very minimum and to further co-operate with each other to the end that they may serve the taxpayer with a better service and more economically.

(3) As the expense of the Health Department is borne by the County and City to the extent of 66-2/3% by the County and 33-1/3% by the City, the Board of County Commissioners should confer with the City Council for the reduction of expenses in that Department, and it should be reasonable to assume that a reduction can be made from \$11,950.00 for the fiscal year ending June 30, 1931, to approximately \$6,000.00 for the next fiscal year.

(4) Ordinarily the taxpayers should not be called upon to contribute to the expense of holding the County Fair, but, owing to the fact that months ago the Fair Board entered into contract with amusement companies and people exhibiting show stock, it would now ~~cost~~ cost several thousand dollars to cancel such contracts and pay possible damage suits, and it is the opinion of the Board that it is to the best interest of all concerned to hold the Fair, levying not to exceed 1/2 mill for such County Fair.

(5) There shall be established a County Commissary for the supplying food stuffs for Outside Poor and the County Farm, This shall be done before Early fall.

THIS ACTION is for the sole purpose of economy, and not with any malicious intent toward any individual or concern.

Motion seconded by - No Second.

HEARING IN THE MATTER OF COUNTY AGENT:

COMMUNICATION FROM DR. F. D. PEASE, HEALTH OFFICER:

The Board received the following communication from Dr. F. D. Pease, Health Officer and ordered the same filed:

CITY OF MISSOULA
STATE OF MONTANA
Commission Government.

June 18, 1931

To the Honorable Board of County Commissioners,
Missoula, Montana.

Gentlemen:

Permit me to call your attention to the very unsatisfactory manner in which patients are being admitted to Pineview Hospital.

That my position may be made clear I will review briefly, the history of the institution. The hospital was built primarily for the isolation of the infectious diseases. Up until about three years ago it was a custom for the Commissioners, Auditor, County Physician, Health Office and private physicians to send patients of all kinds and numbers, regardless of whether there was room or whether they could be properly isolated at the institution, with the result ~~of~~ two cases of smallpox developed at the hospital.

To guard against such occurrences, I suggested that the admission of patients to the hospital be entrusted to the Health Officer. And a resolution was accordingly adopted.

With the arrangement of the rooms and in order to keep down the expenses of the institution, I felt that the two north rooms could be used for the care of chronic non-infectious diseases. The rooms have a normal capacity of five patients and at the very most, seven.

With the two north rooms used for non-infectious diseases, this left two south and two west rooms which were well separated for the care of infectious diseases and with but little danger of infection to those in the north wards. In order to prevent cross infection it is necessary to observe two rules. First, there should be a reasonable separation of rooms, and second, a nurse should only be expected to care for a reasonable number of patients.

Since the first of the year, patients have been admitted in increasing numbers until ~~now~~ there are now ten patients in the two north rooms or five patients in a room 17 feet square. In addition, a non-infectious patient is in one of the south rooms next door to a case of smallpox.

Your Board has a perfect right to make rules for the admission of patients to the hospital, but to make a rule for your subordinates to follow and then ignore it, places those concerned in an uncertain and embarrassing position.

Yours truly,

F. D. PEASE
HEALTH OFFICER.

Missoula, Montana,
August 4, 1931.

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS OF MISSOULA COUNTY, STATE OF MONTANA, AT MISSOULA, MONTANA, AND TO R. W. ANGEVINE, EMIL LEHSOU AND FRANK NELSON, members thereof:

Comes now Maud C. Thornton and Matilda Thornton, the owners of Block Five (5), Mc Whirk Addition to the city of Missoula, County of Missoula, State of Montana, according to the official map or plat thereof duly filed and of record in the office of the County Clerk and Recorder of said county, and respectfully object to and protest against the proposed increase of taxation upon the aforesaid block, which contains a residence and a three story building known as The Thornton Hospital, from Twenty-five Thousand (\$25,000) Dollars to Fifty Thousand (\$50,000) Dollars, and likewise including the proposed increase of personal property located and situate in said hospital to the extent of Eleven Thousand (\$11,000) Dollars, on the grounds and for the reasons following, to-wit:

1. That the valuation sought to be placed thereon and the increase sought to be imposed upon the said building and personal property is unjustifiable and unreasonable and beyond the actual value thereof;
2. That the said increase and in fact any taxation of said property all of which is used for hospital purposes and is owned, possessed and used for said purposes and not for profit or gain, the same as any other charitable hospital is so used;
3. That the said building, personal property and real estate has never been used for purposes of profit, in fact no profit whatsoever has been realized for same or for any part thereof; that said hospital has received all classes and conditions of people, rich, poor and poverty stricken, people who were unable to pay have been given hospital service, accommodations and board free of charge and expense.
4. That said institution, to-wit, said hospital, its furnishings and said lot have been all devoted as a non-profitable undertaking for the use and benefit of all ill, sick and maimed, the same as Saint Patrick's Hospital and the Northern Pacific Beneficial Association, both latter of which are also located within the city and county of Missoula, State of Montana, and that said taxation so sought to be increased is inequitable, especially as compared with the other two aforesaid institutions, all of said institutions are run upon the same general principles, same plans, and not in any sense as a source of profit, all physicians having the same right to practice therein and all patients treated either for compensation or for charity according to their circumstances but in no sense for profit.
5. That the said proposed increase is unjustifiable, unreasonable and your petitioners believe, illegal.

By reason of the premises your petitioners specifically request that said increased taxation be not allowed, but be denied; to which end a just and detailed hearing be had on the points hereinbefore suggested and raised.

Maud V. Thornton
Matilda Thornton

Harry H. Parsons
Attorney for Petitioners.

County Board of Equalization,
Missoula, County:

In the Matter of the Assessment of AMALGAMATED SUGAR COMPANY.

Comes now Amalgamated Sugar Company and objects to and protests against the increase in assessment of its property in Missoula County for taxation for the year 1931 proposed in notice dated July 30, 1931, or to any increase, and objects particularly to the increase proposed of \$221,949.00 upon improvements, and to the increase proposed of \$50,320.00 on machinery and equipment, for the reason that said increases are not equitable, fair or just, and the present valuations contained in the statement of the tax payer of \$100,000.00, for improvements, and \$200,000.00 for machinery and equipment represent the actual and true value of the said property, and any higher or greater valuation would exceed the actual and true value of said property.

The said taxpayer further requests permission to introduce evidence for the purpose of supporting this objection and protest.

DATED this 5th day of August, 1931.

BOARD OF COUNTY COMMISSIONERS:

At 4:30 o'clock P. M. the Board of EQUALIZATION adjourned and met as the BOARD OF COUNTY COMMISSIONERS, same officers present:

The Board receivēd the following

LETTER FROM DR. LENNES:

Missoula, Montana,
August 10th, 1931.

The Hon, Board of County Commissioners,
Missoula County, Montana.
Missoula, Montana.

Gentlemen:

It has come to my attention that protests have been made against the proposed budget of Missoula County.

While I am not acquainted with the details of a large part of the budget, I have had occasion to examine certain parts of it and particularly have I examined the budget for the health department, the care of the poor and the roads. So far as I can see, these parts of the budget are conservative and as a taxpayer, I want to let you know that they have my approval.

Yours very truly,

N. J. LENNES.

RESOLUTION ADOPTING BUDGET:

Commissioner Nelson intrōduced the following Resolution ad

OPINION COUNTY ATTORNEY - ARTERIAL HIGHWAYS:

The Board received and ordered filed an Opinion from the County Attorney repative to "Arterial Highways" South 3rd St. from Higgins Avenue Bridge to Orchard Homes, as follows:

August 25, 1931.

Board of County Commissioners,
Missoula County,
Missoula, Montana.

Gentlemen:

Beg to acknowledge receipt of your letter of August 22, in which you submit the following question:

"The Board of County Commissioners of Missoula County, Montana would like, at your earliest convenience, your written opinion regarding whether or not South Third Street, from Higgins Avenue Bridge to Orchard Homes, would be classified according to law, as an arterial highway."

Highways under the law, are classified as either common highways, main highways, or state highways, and all highways which have not been improved in the manner provided for the improvement of a state highway are classed generally as common or public highways. (See Sec. 1613, R.C.M.1921).

Chapter 182 of the Laws of 1929, at page 387, provides among other things as follows,"and shall transmit the remainder of the fees so paid to the county from which the registration fee came, to be used by said county for the construction, repair and maintenance of all public highways within said county, including city streets forming component parts of arterial highways within the corporate limits of cities"....

The word "arterial" is defined as "Resembling an artery, as in having a main channel and a branching system, as arterial drainage." (See Standard Dictionary Vol. 1, p.118).

The street in question, not having been designated as a state highway and therefore coming within the general classification of common or public highways and being a street or highway that has a branching system, which serves a considerable section of territory with a system of roads converging into one street, it is therefore the opinion of this office that under the law, it is within the province of the Board of County Commissioners to class it as an arterial highway if it desires so to do, for the purpose of applying it to the laws above mentioned.

Yours very truly,

DWIGHT N. MASON
Deputy County Attorney.

EXAMINER'S NOTES

The accounts of the several officers were found to be written up to date and in a neat and competent manner.

The accounts of the County Clerk were in agreement with similar accounts as kept by the County Treasurer.

The cause of the increase in the outstanding indebtedness, as shown above, is the fact that High School Bonds in the amount of \$200,000.00 were issued during the past fiscal year. When this is taken into consideration the financial condition of the county is very commendable.

All fees collected by the various officers have been deposited with the County Treasurer as provided by law.

We note that you have bonds outstanding in the amount of \$36,000.00, that are optional at this time, that are drawing interest at the rate of 6%. It would seem that considerable interest could be saved by refunding these bonds at a lower rate of interest. A reduction of only one per cent would result in a savings of almost \$40,000.00 as most of these bonds have about ten years to run before maturity.

Further interest might also be saved by issuing bonds for the funding of the outstanding warrants, under the provisions of the law passed by the recent legislature.

The claims for the period examined were in very good form with the following exceptions:

Claim No. 973 and others, for salary of a caretaker at the Fair Grounds, were paid from the General Fund instead of the Fair Fund.

Claim No. 1986 donates \$100.00 to the Superintendent of Schools for the Rural School Track Meet. There is no law authorizing a donation for this purpose.

Claim No. 2646, for Fair Ground supplies, was paid from the General Fund instead of from the Fair Fund.

Claims No. 2664 and 2665 and many others were erroneously paid from the General Fund instead of from the Fair Fund. The statute provides for a special fund for the purpose of maintaining a county fair. A maximum tax levy is set forth and all fair or fair ground expense must be paid from this fund. If this is not done, you are evading the law which places a restriction on the amount that can be expended for fair purposes.

Claim No. 2784, of Robert C. Ward, charges \$10.00 per day as a witness fee for two days services. There is no law permitting this charge, as \$3.00 is fixed by statute as the rate to be allowed for services as witness in the District Court.

Claims No. 4249 and 4250 are for the commission charge on Special Poll Tax Collections. The Attorney General has held that no commission may be paid on such collections to either a corporation or to an individual.

It is quite evident that an adjustment of the asset accounts and the depreciation accounts should be made. For instance, your records show that the total purchase price of the furniture and fixtures of the jail was \$2,968.66, but depreciation against these items is shown as \$3,270.47, or practically \$300.00 in excess of the cost of the asset. Your tools and machinery at a cost of \$100,318.37 show depreciation in the amount of \$86,910.95, leaving a present value of only \$13,407.42, which would seem to be considerably low. The same would be true of the bridges accounts. There is only one way to correct these accounts so that they will reflect the true condition and that is by taking a complete inventory and appraisal. It is impossible to estimate the exact rate of depreciation from year to year, and such an adjustment should be made every few years. By keeping a copy of such inventory and appraisal and correcting same from time to time you will be able to keep a fairly accurate account of your various assets. We would urgently suggest that such an adjustment be made at once.

JUNE 1st, 1932.

Present:	R. W. Angevine,	Chairman,
	Emil C. Lehsou,	Commissioner,
	Frank Nelson,	Commissioner,
	W. J. Babington,	Clerk.

The minutes of the previous meeting were read and approved.

MISSOULA COUNTY FARM BUREAU:

The Board received and ordered filed a communication from Missoula County Farm Bureau Federation urging the Board to retain the Service of the County Agent for Missoula County.

COMMUNICATION

May 31st, 1932

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS,
Missoula County, Montana,

We, the Missoula County Farm Bureau are informed that certain resolutions have been presented to you, requesting the discontinuance of the office of County Agent.

Regarding this, we believe that if there ever was a time when the farmers of this county needed the services of a County Agent it is now.

At present, agriculture is the only factor producing new wealth in this county operating at anywhere near normal capacity.

Our economic position is the most critical in our history and for us to survive and be of benefit to ourselves and the rest of the citizens of this community, we feel such a service as that given by the County Agent's office is very essential.

Last year the budget of the Agent's office was cut about 20%, in accordance with changed economic conditions. By all means try and keep this very important service to agriculture and Missoula County.

Yours respectfully,

HOLMES MACLAY	Pres.
A. R. DESCHAMPS	V. Pres.
IRA F. HALLING	Sec'y.

NOTICE OF HEARING OF INCREASE OF BUDGET:

COMMISSIONER LEHSOU introduced the following resolution and moved its adoption:

WHEREAS, it appears that certain poor claims against Missoula County are unpaid at this time by reason that the amount allowed in the approved Budget last July were not sufficient, and that said Budget therefore has been exhausted, and

WHEREAS, the Board, after giving the matter due consideration, declares that in their judgment the claims above mentioned are for mandatory expenses in taking care of Poor; that an emergency does exist and that it is necessary that the Budget affecting this item be increased to provide for this emergency as follows:

Budget for Outside Poor be increased in the amount of \$3500.00

IT IS THEREFORE ordered that the Board of County Commissioners of Missoula County, meet in regular session on June 10th, 1932 at their office in the Courthouse for the purpose of holding a public hearing upon said increase, at which time any taxpayer may appear and be heard for or against the expenditure of money for such emergency,

IT IS FURTHER ORDERED that the Clerk of this Board give notice of said hearing in accordance with the provisions of Chapter 148, Laws of 1929.

The foregoing resolution was seconded by Commissioner Nelson, and upon roll call the following Commissioners voted, Aye:

Commissioner Angevine,	Aye;
Commissioner Lehsou,	Aye; and
Commissioner Nelson,	Aye. None voting no.

The resolution was then declared unanimously adopted.

R. W. Angevine,	Chairman,
W. J. Babington,	Clerk.

The Board attended to routine matters.

At 5 o'clock P. M. on motion by Commissioner Nelson seconded by Commissioner Lehsou the Board adjourned to meet at 10 o'clock A. M. June 2nd, 1932. Carried.

COMMUNICATIONS & RESOLUTIONS, RE- COUNTY AGENT'S OFFICE:

The Board received the following resolutions and communications asking that the County Agent's office be continued in this County as in the past, and the Board ordered same filed:

COLD SPRINGS ECONOMIC CLUB:

County Commissioners
 Missoula, Montana.

Gentlemen:

The Cold Springs Economic Club at their last meeting, unanimously passed the following resolution:

That the county agent has rendered valuable help to the house wives of the rural districts, especially in our kitchen gardens, to save time and expenses & in home management.

Therefor_ be it resolved that the Cold Springs Economic Club, to express their appreciation for the value of his work, request that the County Commissioners retain the Extension Agent's Office.

Respectfully yours,
 President Mrs. W. J. Dickson
 Secretary Mrs. Lawrence Olson.

POTOMAC FARM BUREAU:

To the Board of County Commissioners
 Missoula, Montana.

We have been informed that the Missoula Tax Payers Association has handed you a resolution asking for the discontinuance of the County Agent's office. We feel that this is no time to close the office for we need the assistance of the Extension service during these critical times. The farmers dollar is worth fifty-eight (58¢) cents, while what we have to buy is worth one dollar and fourteen cents (\$1.14) in comparison of what it was worth in 1914.

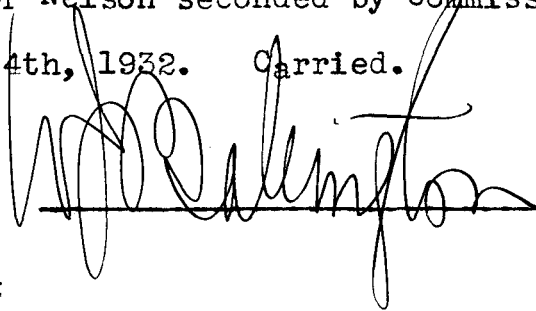

Therefore, we, the Potomac Farm Bureau wish to give our recommendation of the County Agent's work and request that you continue the Extension office in the future as it has been in the past.

Yours truly
 Potomac Farm Bureau
 President W. C. Etter
 Secretary Ernest S. Willis

COLD SPRINGS PARENT TEACHER:

Missoula, Montana.
June 13, 1932

Hon. Board of Co. Commissioners,
of Missoula County.

Dear Sirs:

As the Parents Teachers Association of Cold Springs We submit this Pitition, that the office of County Agent be retained.

This is the only office that is in direct contact with the farmers, and office that is concerned entirely with the welfare and progress of the farmer and his family.

We believe that there has never been a time when such help has been so much needed.

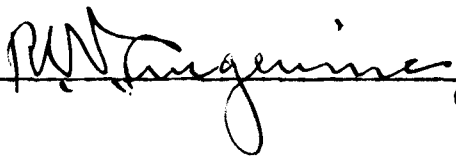

Altho we realize the need of economy we believe that the value of the service rendered by the office more than justifies the counties share of the expense.

Present: R. W. Angevine, Chairman,
Emil C. Lehsou, Commissioner,
Frank Nelson, Commissioner,
W. J. Babington, Clerk.

The minutes of the previous meeting were read and approved.

PRELIMINARY BUDGET HEARING:

The Board continued the hearing of protests against the Preliminary Budget, and further hearing on the Preliminary Budget was continued to August 8th, 1932, at 9 o'clock A. M.

COMMENT ON PROPOSED BUDGET:

The Board received and ordered filed the following comment of the proposed budget:

To the Board of County Commissioners,
Missoula County, Montana.

Gentlemen:

Having made a study of budgets past and present, we have the following comment ^{to make} of the proposed budget for 1932-1933:

It is our position in view of the financial straits of the taxpayers of this County, that no items of expense should be allowed in the budget unless such expenditure is absolutely necessary, and that every opportunity for curtailment should be seized upon. It is our opinion further that the proposed budget can be reduced in a number of respects and that reductions in personel and salaries paid can materially bring about savings.

In respect ~~to~~ personel, we suggest the following:

	Clerk of Court	
Eliminate one deputy	@ \$137.50	\$1650.00
Reduce one deputy	25.00	300.00
	Sheriff	
Eliminate one deputy	@ \$150.00	1800.00
Reduce two deputies	12.50 25.00	300.00
Reduce two deputies	@ 25.00	600.00
	Justice of Peace	
Change Boundaries of Township		
Reduce two salaries \$75	150.00	1800.00
	Clerk & Recorder	
Eliminate one deputy	@ 137.50	1650.00
Reduce two deputies	" 12.50	300.00
	Health Department	
Eliminate two nurses	\$135. & \$93.	2736.00
	Supt. of County Schools	
Eliminate Stenographer		450.00
Reduction in salary after Jan. 1, 1933		200.00
	Assessor	
Curtail usual employment estimated \$50.		600.00
	Treasurer.	
Eliminate one deputy	125.	1500.00
Reduce salary one deputy	12.50	150.00
	County Extension Agent	
Eliminate this department approximately	\$4000.00	4000.00
	County Commissioners	
Reduce per diem etc. one half		3625.00
	Custodian of Fair Grounds	
Cut salary	@ \$25.	300.00
	County Library	
Reduce proposed Budget to \$5000. thus saving \$2906.48		2906.48
	Airport	
Eliminate further expenditures saving the balance left over		219.08
	Auditor.	
Reduce to one half (to take care of balance of 1932)		2176.00
	New Bridges.	
Eliminate construction of Corlett Bridge		4500.00
	Tools and Machinery	
Eliminate item new equipment		4000.00

May we suggest that the subject of consolidation of school administration be given careful study in order that proper steps may be taken to eliminate the expensive duplication that now exists.

In this connection we wish to call your attention to the salary drawn by the Superintendent of School District No. 1, \$4800. per year, and that of the principal of the County High School, \$4500. per year.

In addition to that there is the office expenses of these two heads, clerk, stenographer, etc.

Consolidation of the High School with that of the Grade Schools would eliminate one high salaried office as well as the assistants to the office, and we dare say would affect the efficiency of the administration but very little, in fact we have the assurance from competent authority that such change would lead to greater efficiency.

In connection with the matter of County Revenue, may we point out the possibility of enlarging this by seeking out so called "hidden property." That is personal or incorporeal property and more particularly in the nature of solvent credits, stocks, bonds, notes, goods and individual personal belongings. If diligently sought for, no doubt property of this character could be discovered equal in value almost to that of the real property of this county now on the tax list.

this

In connection we wish to call your attention to the report for Lewis & Clark County for the fiscal year ending June 30, 1928. This report shows the assessed value for Real Property to be \$24,136,409. and the assessed value of Personal Property to be \$29,348,125. Of course, we realize that we do not have as many wealthy people in Missoula County as they have in Lewis & Clark Co. but still we are certain considerable wealth as above mentioned escapes taxation.

Respectfully yours,

Missoula County Taxpayers' Association.

Committee on County Budget.

Ronald Higgins
Vice President.
Carl H. Christensen
Secretary.

EXAMINER'S NOTES

The records of the several officers were found to be written up to date and in a neat and accurate manner.

The accounts of the County Treasurer were in agreement with similar accounts as kept by the County Clerk.

All fees and collections were properly accounted for as provided by law.

The cash, cash items and securities were verified during the examination.

Though we appreciate the efforts of the County Clerk in reducing the cost of publishing the Minutes of the Board of County Commissioners, still we feel that this practice of economy can be carried too far. We believe that the Minutes should be a little more complete and should show more specifically what transpired at the several sessions of the Board. Day after day the only minute entry is to the effect that routine matters took up the day. It would seem that if it were necessary to hold a meeting there should be some action taken which would be of sufficient importance to be noted in the minutes of such meeting, otherwise it would appear that the meeting was not necessary.

The claims for the period were examined and found to be in very good form with a few exceptions.

Claims for traveling expense, such as No. 5153, must show each item of expense separately. It is not sufficient to just show "Hotel, Meals and Taxi Fares, \$8.15," as was shown on this claim.

Claims, such as No. 5400, and, in fact, all claims, must be filed personally by the person rendering the service.

We note from Claim No. 5850 and others that the Coronor charges mileage at the rate of 12½ cents per mile. We believe the proper charge is 10 cents per mile as is definitely fixed by Section 4922 of the Revised Codes of 1921. Chapter 8 of the Laws of 1923 relates only to cases where the mileage rate is not specifically fixed by statute and does not apply to the Coronor's mileage.

Claim No. 5903 of Tom Donlan, and other similar claims, charges \$100.00 per month for services as Custodian of County Property. These claims do not state what County property was under his custody, but from reference to our last report it is quite evident that this is the Fair Grounds property and the claims should have been paid from the Fair Fund as stated in said report. The changing of the wording of the claim from "Custodian of Fair Property" to "Custodian of County Property" does not alter the facts of conditions and we still maintain that this is a proper charge against the County Fair Fund, if necessary at all.

On Claim No. 6582 Commissioner Nelson charges per diem for March 25th and 26th for attending a session of the Board. No charge ~~is~~ made by either of the other members for being in session, so it would appear that Mr. Nelson held a session all by himself, which is impossible as at least two members must be present in order to hold a lawful meeting of the Board. On Claim No. 6674 for sessions held in April, we find that Mr. Nelson met alone on the 11th, 25th, 26th, 27th, 28th, 29th, and 30th days. In May Mr. Nelson was in session along on the 6th, 9th and 25th days. Other months show this same condition. We believe that all of such charges are illegal as one member cannot hold a meeting alone. The only power of the County Commissioners is as a Board and its powers or duties cannot be delegated to any one member thereof and consequently no one member has the power to act for the Board.

Claim No. 8720 makes a refund of taxes collected on account of an overcharge. These taxes were paid without protest and unless a written protest is filed at the time of payment no refund can legally be made according to a decision of the Supreme Court. The above mentioned refund was therefore made without legal authority.

The claims of the County Commissioners for the inspection of roads and bridges are very incomplete and are not itemized as required by law. The claims merely show the days spent in making such inspections. Such claims must show the particular road that was inspected or the location of the bridge or bridges that were inspected, and all such trips must be made upon an order of the Board, which must be entered and made a part of the Minutes. The Minutes do ~~not~~ make mention of the fact that at different times certain of the Commissioners were out on road matters but this, however, is hardly an order of the Board, and so far as the records show all of these trips were made without proper authority.

Claim No. 6364 is in payment of land purchased from John H. Teters and Adelaide Teters, as shown by deed recorded in Book No. 103 of Deeds on page 545, the consideration being \$50.00

Claim No. 3985 is in payment of land purchased from Horace H. Koessler, as shown by a deed recorded in Book No. 103 of Deeds on page No. 502, the consideration being \$150.00.

Claim No. 4953 is in payment of land purchased from Fred A. McDonald and Anna M. McDonald, as shown by a deed recorded in book No. 103 of Deeds on page No. 518, the consideration being \$214.00.

Chapter 100 of the Laws of 1931 reads as follows:

"The Board of County Commissioners has jurisdiction and power under such limitations and restrictions as are prescribed by law, to purchase, receive by donation, or lease any real or personal property necessary for the use of the county, preserve, take care of, manage and control the same; but no purchase of real property must be made unless the value of the same has been previously estimated by three (3) disinterested citizens of the county appointed by the District Judge for that purpose, and no more than the appraised value must be paid therefor."

This statute was not observed in any of the three cases mentioned above and the Board of County Commissioners acted without legal authority in purchasing the above property.

In addition to these items, we find a deed from Paul H. Gerber and wife, and H. E. Gerber and wife, to Missoula County for a piece of real estate containing about 9 2/10 acres, which was purchased on November 17, 1932 by the Board of County Commissioners, as noted in their Minutes on page No. 427 of Commissioners' Journal "0" and also as evidenced by the deed which is recorded in book No. 114 of Deeds on page No. 167. The consideration as shown in the deed is \$3,296.00 based upon the following:

3 acres meadow land @ \$100.00	\$ 300.00
6 2/10 acres pasture land @ \$50.00	210.00
Damage to property	2,686.00
Total purchase price,	\$3,296.00

We are informed that this land is up LoLo Creek and that it was purchased as a right of way for a road. Though this warranty deed acknowledges the receipt of the money by the grantors, we find that no warrant has been issued in payment of same. We were informed that payment was not made because there was no budget to cover same, but that a budget allowance would be made for the year July 1, 1933 to July 1, 1934, and payment would be made immediately after July 1, 1933.

In the first place, the land was not appraised as provided by law. In the second place, the Board of County Commissioners has incurred a liability in excess of the budget appropriation and Chapter 148 of the Laws of 1929, known as the County Budget Act, provides that any liability incurred in excess of the budget appropriation shall not be a liability of the County, but shall be a liability of the officer incurring such liability, who shall be liable therefor personally and upon his official bond. In making this purchase the Board of County Commissioners did so in violation of both of the statutes mentioned above.

In checking through the claims we were unable to reconcile the large amounts of gasoline used in the inspection of highways. As we understand it, Commissioner Lehsou uses his own car, but the County keeps it in repair and supplies the gasoline and oil, which we do not feel to be very satisfactory arrangement, unfair to Mr. Lehsou and probably without legal authority. The gasoline purchased on requisitions of Mr. Lehsou does not seem to agree with his salary claims. For instance, Claim No. 6583 shows Mr. Lehsou to have been in session with the other members of the Board on March 1, 1932, but Claims No. 6708 and No. 6723 show that nine gallons of gasoline were purchased at one station and six gallons of gasoline at another by Mr. Lehsou on that particular date. He could not have used fifteen gallons of gasoline while being in session with the other members. Again for the month of September, Claim No. 9167 shows that during said month Mr. Lehsou spent six and one half days inspecting roads, one half day on September 1st, 17th and 30th and all of the 3rd, 6th, 12th, 20th, 22nd and 23rd, 1932.

Claims No's. 9174, 9180, 9182 and 9235 show that Mr. Lehsou purchased gasoline as follows:

September 3	-	8	gallons	September 16	-	7	gallons
" 6	-	10	"	" 18	-	9	"
" 7	-	9	"	" 19	-	5	"
" 7	-	10	"	" 21	-	8 1/2	"
" 11	-	6	"	" 22	-	7	"

September 14	-	8	gallons	September 26	-	7	gallons
" 27	-	7	"	" 29	-	8	"
" 28	-	7	"	" 23	-	8	"
						<u>124</u>	gallons

This would be an average of over nineteen gallons for every day spent on road inspections.

Claim No. 9062 shows that among other days Mr. Lehsou was in session September 7th, 14th, 16th, 19th, 21st, 26th, 28th and 29th, while the 11th and 18th were Sundays, but it will be noted from the above that he purchased and charged to the County ninety one and one half gallons of gasoline on said dates. It is possible that a more full and complete itemization of the claims might explain the entire matter but the above is just what is shown by the claims and as we stated before the gasoline consumption does not reconcile with the services rendered.

We find many claims such as No. 9246 for road work that should be more fully itemized by showing the dates of service and the basic ~~charges~~ rates charged.

Claim's No's. 5990 and 5991 of Commissioners Lehsou and Nelson charge per diem for services rendered on February 22, 1932, Washington's Birthday and a National Holiday. Mr. Lehsou also charges on Claim No. 5990 for services on Lincoln's Birthday, February 12, 1932, for inspecting roads at Salmon and Seeley Lakes. Claims No's. 9486, 9487 and 9488 show that all three Commissioners were out inspecting roads on November 11, 1932, Armistice Day. It would seem that the Board should be able to perform all of its necessary duties without working on legal holidays.

The 2 cent shortage in the Auditor's Petty Cash Fund was caused by error on the part of the bank charging check No. 298 of June 29, 1932 as \$7.52, whereas the true amount of the check was only \$7.50. The bank, no doubt, will correct this error when it is called to their attention.

The Public Administrator's record of the case of Gus Lovay is incomplete, showing \$347.76 in payments but showing no receipts. A complete record of the case should be shown in the Register.

We are sorry that it has been necessary to set up so many criticisms of your County government and upon the occasion of our next visit to your County we shall expect to find a very decided improvement in the handling of your affairs.

Respectfully submitted,

Frank H. Johnson,
State Examiner.

ROAD VIEWERS REPORT:

The Board received and ordered filed the following Road Viewers' Report:

April 4, 1933.

Subject:- Report of Road Viewers.
To:- Honorable Board of County Comm.,
Missoula County, Montana.

Gentlemen:

We, the undersigned duly authorized "Road Viewers" did on the 22nd day of March, 1933, view the road petitioned for by Rose Thibodeau and others.

The general route of which is westerly across the Big Flat toward Deep Creek.

The Viewers report favorable on said petition:-

1. Because it will eliminate a snow and soft condition by being put on higher ground thereby being of a public benefit.
2. It will shorten the distance of this route by approximately one-half mile.
3. Because the owners affected are willing to donate the right-of-way thereby saving the county considerable cost.
4. We recommend that the right-of-way be secured at this time but due to the depleted condition of the county road fund no construction work should be undertaken unless emergency relief funds can be secured to defray the cost.

Respectfully submitted.

And

Be it Further Resolved that the rights of way so to be secured in said petition are necessary and desirable for the construction of the highway proposed and asked for in the petition, and

BE IT FURTHER RESOLVED that the report of the road viewers this day filed be adopted by the Board of County Commissioners, and that the same be spread upon the minutes of the Board.

As the basis of the value of the land so to be taken for highway purposes and for the damages to the owners of said lands as the result of the taking of said right-of-way and the construction of said highway, BE IT FURTHER RESOLVED, that the Board fix the following as such

damages:	3 acres of meadow land	\$300.00	
	6.7 acres of pasture	310.00	
	Damages to remaining property		
		<u>2686.00</u>	
	Total award		\$3,296.00.

Chairman Lehsou seconded the motion to adopt the resolution.

SUBSTITUTE RESOLUTION:

Upon the presentation of the resolution to grant the petition of Ole Erickson, et al, Commissioner Graham moved the Board, that as a substitute motion the following resolution be adopted: BE IT RESOLVED that before the petition of Ole Erickson, et al, for the opening and construction of a public highway be granted, the Board of County Commissioners make a further investigation as to the feasibility, the desirability and the probable cause of procuring right-of-way for the construction of said highway, and that the Board fix a day for holding a public hearing, at which time any person interested, might be heard and further testimony taken as to the value of the land and the damages resulting. This Substitute Motion was lost for want of a second.

Thereupon the original motion came before the Board for vote; and upon roll call the vote was upon the motion of Commissioner Nelson, and was as follows:

Chairman Lehsou voted Yes;
Commissioner Nelson voted Yes; and
Commissioner Graham voted No.

The Chairman declared the motion carried.

ROAD VIEWERS' REPORT:

The Board received, and ordered filed the Road Viewers' report on the above named resolution, as follows:

May 25, 1933

Subject:- Report of Road Viewers.
To:- Board of County Commissioners,
Missoula County, Montana.

Gentlemen:

We the undersigned duly appointed and authorized "Board of Road Viewers" did on the 24th day of May, 1933, view the road petitioned for by Ole Erickson and others.

The general route of the proposed road is through sections 5-69708 of T. 11 N., R. 23 W., following the confluence of LoLo Cr.

The said board of road viewers reports favorably upon this petition and give the following reason and recommendations:-

All owners were consulted and it is recommended that the prayer of these petitioners be granted because by the construction of this highway the people of the community will be greatly benefited through emergency relief work at no cost to the county except for the right-of-way.

It is recommended that you purchase a right-of-way through out this project and that you pay \$100.00 per acre for meadow land and \$50.00 per acre for grazing or pasture land because this is the only pasture and meadow land available in this section together with the fact that this land is gone forever with the construction of a highway, A lump price of \$2,686.00 should be paid as a damage for several reasons some of which we list as follows:-

1. A barn 50 ft. x 30 ft. having a 12 stall capacity and a 50 ton hay loft has to be torn down and rebuilt.
2. A two story house 30 ft. x 20 ft. One 30 ft. x 20 ft. machine shed and one small building used as a store also have to be torn down and rebuilt.
3. Field and pasture land are divided by the construction of the new road as it is impossible to construct an underpass on account of the low grade line.
4. A new bridge will have to be built and maintained by the owners due to the changes in location of the new road.
5. Camp grounds that have been used by the owners are destroyed.

We have considered this property as a resort and not as a ranch - therefore the elimination of these camp grounds the destruction of the many natural scenic possibilities, additional fencing as well as the hazard of highway speed and crossings a damage of this amount is not excessive in our judgment.

The fact cannot be lost that a new highway is of some benefit but due to the conditions this piece of construction is some 25 miles from an improved road therefore the possibility of a benefit is far in the future.

Respectfully submitted,

BOARD OF ROAD VIEWERS.

ROAD VIEWER'S REPORTS:

The Board received, accepted and ordered filed the following Road Viewer's Reports:

On the Petition of Ida G. Jensen, et al, filed May 24th, 1933:

June 27, 1933.

SUBJECT:- Report of Road Viewers
To: Board of Co. Commissioners
Missoula County, Montana.

Gentlemen:-

We, your board of Road Viewers did on the 26th day of June view the streets and alleys asked to be opened by petition of residents on Vine St. and Poplar St.

Your Board act favorably on part of this petition and make the following recommendations after consulting with the property owners and various residents in that locality.

1. That Vine Street be opened in its entirety, and graded..
2. That Pierce Street be opened to the east of Block 128 of Woody Addition, and graded.
3. That the alley through block 129 of Woody Add. be opened only in part, that is the west 90 feet.

4. That Poplar Street be opened and graded to Polk St. and Polk St. to Vine St. so as to follow the general course of an irrigation ditch that is now in use.

It was found that two culverts or small bridges will be needed for crossings of this irrigation ditch and if the material is furnished the residents will build the structures.

In conclusion we recommend that the prayer of these petitioners be granted as we suggest, because it is our finding that it will answer all immediate contingencies and work no material inconvenience to any one of the residents.

Respectfully submitted,

BOARD OF ROAD VIEWERS.

R. J. Hale
Davis Graham.

On the Petition of C. A. Martinson, et al, Filed May 24th, 1933:

June 27, 1933

Subject:- Report of Road Viewers.
To:- Board of County Commissioners
Missoula County, Montana.

Gentlemen:-

We, the duly appointed and authorized Board of Road Viewers did on the 26th day of June view the road petitioned for by the residents of the Rattlesnake district, and we recommend that the desires of these petitioners be granted and that some improvement be made in the roads of this locality.

We further suggest that due to the locality of this improvement some thought of permanent construction such as oil and graded drainage - that some right-of-way be secured and a more definite location be established.

Therefore we submit a tentative map to show the proposed location.

Respectfully submitted.

To:- Board of Co. Commissioners.
Missoula County, Montana.

Gentlemen:-

We, the duly appointed and authorized Board of Road Viewers did on the 15th day of June, 1933, view the road petitioned for by the residents of Holland Lake.

It is our recommendation that this section of the road be approved and laid out by the county as it is the intention of the U. S. Forest Service to construct it with government funds and the personel of the Citizens Conservation Corps.

Respectfully submitted,

BOARD OF ROAD VIEWERS.

June 27, 1933.

Subject:- Report of Road Viewers.
To:- Board of C. Commissioners.
Missoula County, Montana.

Gentlemen:-

We, the duly appointed and authorized board of Road Viewers, did on the 23rd day of June, 1933, view the road petitioned closed by the residents of Corlett and vicinity.

We recommend that the prayer of these petitioners be granted as it is our finding that the now existing road can be eliminated for one and one-half miles by the construction of one-fourth mile of new road thereby giving a more direct route to the main highway.

This will also save the county considerable maintenance cost.

The land involved for right-of-way will be granted to the county by the owners.

Respectfully submitted.

Gentlemen:-

We, the duly appointed and authorized board of Road Viewers, did on the 20th day of June 1933 view the road petitioned for by the residents of Seeley Lake and wish to recommend that you act favorably toward granting the wish of the petition.

It is our finding that right-of-way will have to be secured as there is only ^{one} feasible route. Upon conversing with the property owner, Mr. Heliste, we find that he holds the price at \$175.00 to include his own fencing.

It is our recommendation that you accept this route and secure said right-of-way as it will greatly add to the convenience of the people of this locality and the establishment of government activities.

REPORT OF ROAD VIEWERS:

The Board received and approved the report of Road Viewers on the petition of Elizabeth Powell, et al for a change in location at Blanchard Flat and Salmon Lake Hill, as follows:

July 10, 1933.

Subject:- Report of Road Viewers.
To:- Board of County Commissioners,
Missoula County, Montana.

Gentlmen:-

We your Board of Road Viewers did on the first day of July view the road petitioned for by the residents of Blanchard Flats and vicinity.

We recommend that the wishes of these petitioners be granted. We interviewed Mr. Wm. Boyd on the ground as to the change of location and recommend that the county pay \$40.00 per acre for right-of-way secured as this is a fair value for the new right-of-way, approximately twelve acres will be needed over the proposed three miles.

We make this recommendation because of the fact that the road that is now being used will revert to the adjacent property owner and is of no value as farm land of which there is some seven and one-half acres.

We further recommend that Mr. Boyd be given the privilege to construct his own fence, at the prevailing price of seventy-five cents per rod.

Respectfully submitted,
BOARD OF ROAD VIEWERS,
R. J. Hale
Emil C. Lehsou.

The N $\frac{1}{2}$ of Section 20 Twp 14 Rge 23; 320 acres assessed as timber at \$3015.

That said land, improvements, and timber as valued by assessor, and the the lands and improvements and timber so valued are excessive and not worth more than the several valuations hereinafter set out as follows, to-wit:

Lots 9, 10 and 11, Section 20, Twp 12, Rge 17; 154 acres Assessed as Timber Land at \$1397 as valued by assessor; The valuation is excessive and not worth to exceed the sum of \$745.00.

It is therefore respectfully asked that the valuation be reduced from \$1397.00 to \$745.00.

The SE $\frac{1}{4}$ of SW $\frac{1}{4}$; of Section 24, Twnship 13, Rge 18, 40 acres assessed at and valued by assessor at \$140.00 grazing lands, The assessment is excessive and not worth to exceed \$100.00. There is very little timber on this land and is cruised as very poor timber. The slopes are fairly steep.

It is therefore respectfully asked that the valuations be reduced from \$140.00 to \$100.00.

Lot 2; E $\frac{1}{2}$ of NW $\frac{1}{4}$; and NE $\frac{1}{4}$ of Section 25, Twp 13, Rge 18; assessed and valued by the assessor at \$851.00 as grazing land. The valuation is excessive and is not worth to exceed the sum of \$800.00. The slopes are fairly steep and the timber only fair.

It is therefore respectfully asked that the valuation be reduced from \$851.00 to \$800.00.

The NE $\frac{1}{4}$; SE $\frac{1}{4}$ of NW $\frac{1}{4}$; and E $\frac{1}{2}$ of SW $\frac{1}{4}$ of section 24, Twp 14, Rge 19. On this ground the Assessor has placed a valuation on 16 acres of \$170. on 264 acres at \$528.00 and on improvements at \$50.00. The valuation is excessive and is not worth to exceed the sum of \$300.00. A forest fire a few years ago I am told by the U.S. Forestry officials cleaned off the timber and as they expressed it as slick as a whistle. As in no instance has the Government offered to exceed \$1.00 per acre for any ground and even as low as twenty five cents an acre, the land can very likely be purchased for the above sum. At any rate with the growing taxes and the conditions there existing I would recommend such sale to Mrs. Mantle.

It is respectfully asked therefore that said valuation of the said Assessor be reduced from \$748.00 to \$300.00.

Lot 1; E $\frac{1}{2}$ of NW $\frac{1}{4}$; NW $\frac{1}{4}$ of NE $\frac{1}{4}$ of section 30, Twp 12, Rge 20; 158 acres is valued by the assessor at \$1514.00 as grazing land; and the valuation is excessive and is not worth to exceed \$1430.00.

It is therefore saked to be reduced from \$1514.00 to \$1430.00.

SW $\frac{1}{4}$ of Section 32, Twp 13, Rge 20. The assessor has valued 120 acres at \$240.00 as grazing land and 40 acres as Timber land at \$359.00. The said valuation is excessive and is not worth to exceed the sum of \$220.00. According to the cruise of the County the timber is of poor quality and the logging chance poor. It is therefore asked that the valuation thereon be reduced from \$599.00 to \$220.00.

Lots 2, 3 & 4, and S $\frac{1}{2}$ of N $\frac{1}{2}$ of Section 1, Twp 12, Rge 21. 280 acres of land only, the timber having been sold to the Polleys Lumber Company. This 280 acres of land is assessed as grazing land and the value placed on it by the assessor is \$932.00. The valuation is exessive and the land is not worth to exceed the sum of \$280.00.

It is therefore respectfully asked that the valuation be reduced from \$932.00 to the sum of \$280.00.

Lots 1, 2, 3 & 4, and SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 2, Twp 12, Rge 21. This 199 acres is assessed at the value of \$413.00; and said valuation is excessive and it is not worth to exceed the sum of \$199.00. The timber on this land was sold also to the Polleys Lumber Company and the land only is owned.

It is therefore respectfully asked that the said valuation be reduced from the sum of \$413.00 to \$199.00.

The logging chance is poor and it is not owned by Etta D. Mantle.

The SE $\frac{1}{4}$ of Section 6, Twp 13, Rge 21. This 160 acres of land is assessed at the valuation of \$2531.00. The valuation is excessive and it is not worth to exceed the sum of \$1711.00.

It is therefore respectfully asked that said valuation be reduced from \$2531.00 to the sum of \$1711.00.

SW $\frac{1}{4}$; W $\frac{1}{2}$ of SE $\frac{1}{4}$; and SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 8, Twp 13, Rge 21. This 279 acres is valued by the assessor as follows; one acre at \$30.00 as tillable land; 278 acres as timber land at \$2140; and improvements at \$200.00; Total \$2340.00. Where can you get land values on timber land of \$30.00 per acre? The land has been owned since 1906 either by Mr. Mantle, his Company or Mrs. Mantle; They have put no improvements on the property and certainly any improvements placed thereon prior to their ownership would be of little, if any value. The valuations are excessive and not worth to exceed \$1100.00.

It is therefore respectfully asked that the valuation on this property be reduced from \$2340.00 to \$1100.00.

Timber only on NW $\frac{1}{4}$ of Section 12, Twp 13, Rge 21; The timber is assessed at \$1452.00 by the Assessor. The valuation is excessive and it is not worth to exceed the sum of \$1076.00. I am told by forestry men the estimates on this are away high. The land is owned by the State and a fee is exacted by them.

It is therefore respectfully asked that said valuation be reduced from \$1452.00 to \$1076.00.

Lots 1, 3 & 4, and NE $\frac{1}{4}$ of SW $\frac{1}{4}$; NW $\frac{1}{4}$ of SE $\frac{1}{4}$; E $\frac{1}{2}$ of SE $\frac{1}{4}$; NE $\frac{1}{4}$ and NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 18, Twp 13, Rge 21; 476 acres is assessed at value of \$7652.00 as grazing land by assessor; I am inclined to think this is an error and should be assessed as Timber land; but the assessment is excessive and not worth to exceed the sum of \$4631.00.

It is therefore respectfully asked that the valuation be reduced from \$7652.00 to the sum of \$4631.00.

SE $\frac{1}{4}$ of NW $\frac{1}{4}$; E $\frac{1}{2}$ of SW $\frac{1}{4}$; and SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 20, Twp 13, Rge. 21; This 160 acres is valued as grazing land at \$608.00; The assessment is surely high on this as grazing land and it is not worth to exceed for that purpose \$320.00.

It is therefore respectfully asked that the assessment be reduced from \$608.00 to \$320.00.

Timber only on W $\frac{1}{2}$ of NW $\frac{1}{4}$; NE $\frac{1}{4}$ of NW $\frac{1}{4}$; NW $\frac{1}{4}$ of NE $\frac{1}{4}$, of Section 20, Twp 13, Rge 21. The valuation assessed on this timber is \$1341; the assessment is excessive and it is not worth to exceed the sum of \$1090.00. The land is owned by the State and a fee is exacted by them on this too. It makes the total tax very considerable.

It is therefore asked that the assessment be reduced from the sum of \$1341.00 to \$1090.00.

The S $\frac{1}{2}$ of Section 26, Twp 13, Rge 21. This 320 acres of land is valued by the Assessor as timber land at the sum of \$1152.00; The timber was sold to the Polleys Lumber Company and the land only is owned by Etta D. Mantle. And the Assessment is excessive for the land is not worth to exceed the sum of \$320.00. It is therefore asked to be reduced from \$1152.00 to \$320.00.

The E $\frac{1}{2}$; and the E $\frac{1}{2}$ of SW $\frac{1}{4}$; and the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 28, Twp 13, Rge 21; this 440 acres of land is assessed as grazing land at the rate or valuation of \$891.00; but the valuation is excessive and is not worth to exceed the sum of \$440.00. The land only is owned by Mrs. Mantle. The timber was sold to the Polleys Lumber Company.

It is therefore respectfully asked that the valuation be reduced from \$891.00 to \$440.00.

SW $\frac{1}{4}$ of NW $\frac{1}{4}$; E $\frac{1}{2}$ of NW $\frac{1}{4}$; and NE $\frac{1}{4}$ of Section 32, Twp 13, Rge 21; This 280 acres of land is assessed as grazing land at \$735.00; the valuation is excessive and it is not worth to exceed the sum of \$280.00. This land is in the same situation as the preceding. The land only is owned by Mrs. Mantle.

It is therefore respectfully asked that the valuation be reduced from \$735.00 to \$280.00.

The NW $\frac{1}{4}$ of Section 2, Twp 13, Rge 21. This 160 acres is valued as grazing land by the assessor at \$405.00. the valuation is excessive and it is not worth to exceed the sum of \$160.00. The land only is owned by Mrs. Mantle.

It is therefore respectfully asked that the valuation be reduced from \$405.00 to \$160.00.

NE $\frac{1}{4}$ of SW $\frac{1}{4}$; S $\frac{1}{2}$ of SW $\frac{1}{4}$; and SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 22, Twp 13 Rge 21; this 160 acres is valued by the assessor at \$325.00, and the valuation is excessive as grazing land and is not worth to exceed the sum of \$160.00. The land only is owned by Mrs. Mantle.

It is therefore asked that the valuation be reduced from the sum of \$325.00 to \$160.00.

S $\frac{1}{2}$ of NE $\frac{1}{4}$ and the E $\frac{1}{2}$ of SE $\frac{1}{4}$ of Section 20, Twp 14, Rge 21; This 160 acres is assessed at the valuation for timber land of \$1626.00; said valuation is excessive and is not worth to exceed the sum of \$925.00.

It is therefore respectfully asked that the valuation be reduced from \$1626.00 to \$925.00.

SW $\frac{1}{4}$ of NW $\frac{1}{4}$; N $\frac{1}{2}$ of SW $\frac{1}{4}$; SE $\frac{1}{4}$ of SW $\frac{1}{4}$; and W $\frac{1}{2}$ of E $\frac{1}{2}$ of Section 26, Twp 14, Rge 21. This 320 acres of land is valued as timber land at \$3592. but the valuation is excessive and is not worth to exceed the sum of \$1741.

It is therefore respectfully asked that the valuation be reduced from 3592.00 to 1741.00.

SE $\frac{1}{4}$ of NE $\frac{1}{4}$; N $\frac{1}{2}$ of SE $\frac{1}{4}$; and SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 30 Twp 14, Rge 21; This 160 acres of timber land is valued by the assessor at \$2268.00. The valuation is excessive and is not worth to exceed the sum of \$1075.00. Therefore it is asked that the valuation be reduced from \$2268.00 to \$1075.00.

SW $\frac{1}{4}$ of NE $\frac{1}{4}$; NW $\frac{1}{4}$ of SE $\frac{1}{4}$; and S $\frac{1}{2}$ of SE $\frac{1}{4}$ of Section 32, Twp 14, Rge 21; The assessor values 40 acres at \$90.00 as grazing land; and 120 acres as timber land at \$1719.00, a total valuation of \$1809.00; the valuation is excessive and is not worth to exceed \$1372.00.

It is asked therefore that the valuation be reduced from \$1809.00 to the sum of \$1372.00.

$E\frac{1}{2}$ of $NW\frac{1}{4}$; $SW\frac{1}{4}$ of $NE\frac{1}{4}$; and $NW\frac{1}{4}$ of $SE\frac{1}{4}$ of Section 8, Twp 15, Rge 21; This 160 acres of land is assessed as timber land and valued at the sum of \$3078.00 and is not worth to exceed the sum of \$1923.00 and is excessive to that extent.

It is therefore asked that the valuations be reduced from \$3070.00 to \$1923.00.

$S\frac{1}{2}$ of $SW\frac{1}{4}$; $W\frac{1}{2}$ of $SE\frac{1}{4}$ of Section 14, Twp 15, Rge 21. This 160 acres of land is valued by the assessor at \$1989.00 as timber land and the valuation is excessive and not worth to exceed the sum of \$1208.00.

It is therefore respectfully asked that said valuation be reduced from \$1989.00 to \$1208.00.

$SW\frac{1}{4}$ of $NW\frac{1}{4}$; $W\frac{1}{2}$ of $SW\frac{1}{4}$; and $SE\frac{1}{4}$ of $SW\frac{1}{4}$ of Section 24, Twp 15, Rge 21; This 160 acres of timber land is valued by the assessor at \$1725.00; the valuation is excessive and it is not worth to exceed the sum of \$1018.00.

It is respectfully asked that said valuation be reduced from the sum of \$1725.00 to \$1018.00.

$N\frac{1}{2}$ of Section 20, Twp 14 Rge 23. This 320 acres of timber land is valued by the assessor at \$3015.00. The valuation is excessive and it is not worth to exceed the sum of \$2117.00. It is asked that it be reduced from \$3015.00 to \$2117.00.

It is respectfully asked that each valuation as hereinabove set out be reduced in the amounts asked therefor. We apprehend the Assessor is not without his troubles in making these various assessments. But we submit that the values placed on the respective pieces should be valued at their full cash value. The full cash value is probably what a creditor would be willing to take the property at in payment of a just debt. But the prices fixed are far in excess of any values which could be obtained for any of the property if there were a market for it or any of it.

Total Assessed Valuation of Lands listed	\$45,128.00
Total sum requested that assessment be reduced to	<u>26,741.00</u>
Total reduction asked	\$ 18,387.00
